SATIVA:

Sex Panther- Effect: Energetic, Clear-headed, Creative. **Flavor:** Peppery. **THCa: 25%**

A stimulating strain that carries all the hallmarks of a classic Sativa and the raw, primal power of a jungle cat ready to pounce on its prey! Sex Panther's peppery, musky funk offers many of the flavorful notes that we hemp lovers crave and is great for kickstarting your day with a burst of energy. The striking light green color on these nugs is punctuated by orange hairs, giving them a timeless look that is sure to excite experienced consumers and newcomers alike.

For anyone looking for some morning motivation, this pungent strain will get your mind purring and your engine running thanks to its whopping 25.24% THCA levels! Sex Panther is also a favorite of artists and musicians, as it's great for fueling creative endeavors and putting you in a headspace to GET STUFF DONE. And as the iconic Mr. Fantana likes to proclaim, "Sex Panther: 60% of the time, it works EVERY time!"

Space Junkie- Effect: Energizing. **Flavor:** Skunky, Sweet, Grapefruit and Lemonade. **THCa: 21%**

Send your senses into orbit with this creamy and citrusy Sativa that delivers energizing effects and flavor in equal measure. Space Junkie THCA Flower is a great daytime strain that looks as good as it tastes, balancing skunky and sweet notes with hints of grapefruit and lemonade. Looking like something that landed on Earth from another planet, the stunning buds of Space Junkie THCA Flower instantly draw the eye to their intense purples and lime greens that perfectly contrast a shimmering layer of plump trichomes.

These crowd-pleasing flavors are underpinned by robust cerebral stimulation and subtle physical relaxation. The uplifting effects of Space Junkie make it an ideal choice for anyone wanting to soothe a sore body while maintaining an active mind. This delicious and potent strain regularly tests above 20% THCA, bringing satisfaction to all species of hemp fans, whether terrestrial or extraterrestrial!

HYBRID:

Runtz- Effect: Refreshing, Uplifting, Relaxing. **Flavor:** Vanilla, Candy-like. **THCa: 19%**

Runtz THCa Flower takes the creamy gas of Gelato to the next level, crossing it with the sweet candy flavors of Zkittlez! Another fan-favorite strain, Runtz packs a solid punch at 19% THCa. Enjoy mouth-watering flavor in every hit, reminiscent of the classic chewy confection mixed with a vanilla milkshake. The gassy and tropical aroma of Runtz hits you as soon as you open the packaging, hinting at the tangy flavors that await you.

This delicious Hybrid is perfect for an afternoon or an evening session. You can expect a soaring cerebral effect followed by powerful physical sedation as the effects tail off. The purple and pink flecks on these sticky nugs are coated in a sparkling layer of juicy trichomes.

Runtz may be your ideal partner for managing physical discomfort and sleep issues since its refreshing and uplifting effect can soothe a troubled mind. As you may have guessed, Runtz ticks all the boxes, from a delicious smoking experience to a powerful combination of mental stimulation and physical relaxation. Between the beautiful appearance of the buds and the delightful aroma, Runtz will have you craving more of its creamy, candy-like flavors every time!

Pineapple- Effect: Uplifting, Liveliness, Calm. **Flavor:** Pineapple, Fruity. **THCa: 21%**

An excellent example of a balanced Hybrid strain, our Pineapple THCa Flower strain lives up to its name. With an aroma of ripe pineapples and skunky diesel undertones, this strain may just be your key to an uplifting mood. Fans of Pineapple THCa Flower may experience liveliness and mood elation without the sinking feeling of being stuck in one spot overpowering them. The flower itself is visually striking and fits the image of a classic strain, with lime green buds contrasted by orange hair and a solid trichome covering.

Pineapple can be a great stress-buster, they say. From the tingling taste to the fruit-flavored aroma, this powerhouse fruit, when paired with our THCa content of 21%, may open up mind-expanding benefits that eventually settle in a calm and chill feeling. With the THCa content, Pineapple carries less of a sedative effect than some of our other strains. When your desired destination is a delicious tropical flavor that unlocks your imagination and soothes that restless feeling, Pineapple is the perfect strain to transport you there!

Gelato- Effect: Uplifting, Relaxing. **Flavor:** Sweet cream, Gassy Citrus. **THCa: 29%**

Gelato THCa Flower is a powerhouse Hybrid strain that delivers on all fronts. A mainstay and favorite of hemp fans for over a decade, the flavors of sweet cream and gassy citrus deliver a deliciously satisfying taste with each puff. Gelato's impressive flavor

results from crossing Sunset Sherbert and Thin Mints Girl Scout Cookies, two strains known for their potency and distinctive taste. The pungent aroma is somewhere between a blueberry pie and an orange creamsicle, with an herbal, woody undertone.

This tasty bud clocks in at an amazing 29% THCa, giving you powerful relaxation and an uplifting cerebral effect. Perfect for unwinding after a long day without knocking you out, Gelato is also a very visually pleasing strain. Its buds feature beautiful green and purple hues coated in a dense layer of glistening trichomes. Gelato is a great strain for anyone who tends to feel tense or anxious, with a powerfully chill vibe following the creamy, gassy flavors. When you want a delicious smoking experience that delivers soothing physical effects and creative stimulation without putting you to sleep, check out this Indica strain that is rapidly becoming a favorite.

INDICA:

Han Solo- Effect: Sedative, Peaceful. **Flavor:** Spicy, Woody. **THCa: 23%**

When you want an Indica that sedates both mind and body, Han Solo THCA Flower offers a galaxy-spanning depth of tranquility that few strains can match. The Force is most definitely strong with this one, a true heavy hitter that consistently tests around 23% THCA that will have you feeling luxuriously loose and peaceful after you light it up. The bouquet of aromas emerging from Han Solo THCA Flower is a medley of spicy, woody, and sharp scents that create a dank funk sure to please fans of old-school strains.

The buds in this strain are instantly eye-catching: shades of green, purple, and flecks of orange are encased in a stunning layer of thick, sticky trichomes. So whether you're looking for some relief from mental stress or deep physical relaxation, the potent, sedating effects of Han Solo are sure to have you feeling like you're floating to a galaxy far, far away.

Grape Frosty- Effect: Soothing, Sedative. **Flavor:** Berry, Fruity. **THCa: 20%**

A tasty Indica that is perfect for unwinding after a long day. Grape Frosty THCA Flower's delicious berry & fruity flavors serve up a generous helping of sweet relaxation that will have you licking your lips and relishing its soothing, sedative effects. A visually striking and aptly named strain, Grape Frosty buds feature beautiful green and purple hues coated in a dense layer of glistening trichomes. This highly enjoyable flower is also great for anyone who tends to feel tense or anxious, as an awesomely chill vibe follows the juicy flavor.

MAC 1- Effect: Relaxing, Cerebral. **Flavor:** Sweet, Nutty, Gassy. **THCa: 23%**

Born out of a chance crossing of Alien Cookies and a strain known as Miracle, MAC 1 (aka Miracle Alien Cookies 1) regularly tests above 23% THCA. This sought-after strain is a great example of an exotic Indica flower that checks all the boxes hemp enthusiasts look for.

From its sweet, nutty, and gassy flavor profile to its thick covering of shiny trichomes, MAC 1 THCA Flower is a great strain for relaxing without feeling lethargic or couch-locked. The extraordinary appearance, scents, and flavors of MAC 1 are encapsulated in reassuringly dense nugs that fluff up perfectly when placed in a grinder. If you're looking for a truly delicious experience that can soothe sore muscles without knocking you out, MAC 1 delivers on both fronts. Its unique lineage means that its Indica qualities are accented with a pleasantly chill cerebral effect that keeps it from feeling heavy, so some folks may even enjoy it during the daytime.

Ice Cream Cookies- Effect: Relaxing, Cerebral. **Flavor:** Sweet, Creamy, Gassy. **THCa: 20%**

Ice Cream Cookie THCA Flower is a strain designed to delight all your senses! This strain is a potent cross of Gelato 33 and Wedding Cake that delivers elated cerebral and sedating physical effects. Ice Cream Cookie is a heavyweight strain that regularly tests around 20% THCa, making it a great choice for the more experienced hemp enthusiast who wants a robust effect. This highly desirable Indica flower is perfect for putting you in a good mood before leaving you in a state of sweet relaxation.

As you might expect from the name, Ice Cream Cookie carries a sweet, creamy, and gassy flavor profile. The creamy gas comes from Gelato 33, while Wedding Cake brings a doughy sweetness that creates a delicious flavor pairing. Its extraordinary appearance and scent precede the flavors of this sweet strain. The dark hues of purple dominate these chunky buds, with flecks of dark green throughout. These beautiful buds are coated in a dense covering of trichomes, so when you break open a bud, expect the sweet scent of vanilla cream to draw you in immediately!

SATIVA:

Jack Herer (Sativa) Effect: Blissful, clear-headed, creative. **Flavor:** Earthy, spicy, pine-scented.

Jack Herer comes all the way from the Netherlands, and it has won numerous awards since it was first created in the '90s. We flavor our Delta-8 THC vape cartridges with the same all-natural terpenes that are found in Jack Herer hemp buds. This means you can experience the same great flavor without any harmful artificial flavorings. Let the energizing and uplifting effects of Delta-8 THC transport you to the flowery fields of the Netherlands with these undeniably wonderful Jack Herer vape cartridges!

Sour Diesel (Sativa) Effect: Dreamy, cerebral, fast-acting, energizing. **Flavor:** Pungent, spicy, earthy, citrusy, smells like diesel.

The mouth-watering and elevating flavors, aromas, and effects of Sour Diesel have finally made their way from flower to vape. Wherever you are, you can now experience all the deliciousness and benefits that make this strain a classic! We weren't satisfied with the other vape cartridges on the market, which is why we specially formulate ours with pure, broad spectrum, CO2-extracted Delta-8 THC. Artificial flavorings? No thank you! We only flavor our carts with all-natural terpenes. That means that the spicy, earthy, and citrusy vapors of this vape are the same as what you'd experience when smoking Sour Diesel flower!

Pineapple Express (Sativa Dominant Hybrid) Effect: Long lasting energetic effects, buzzy, alert creative. **Flavor:** Pineapple, citrus, earthy, pine.

Few strains are as well-known as Pineapple Express, and it has certainly earned its fame. There is a long-standing debate over which came first, the strain or the 2008 movie Pineapple Express. No matter which one kicked it all off, our Pineapple Express Delta-8 THC vape cartridges are the best way to experience its energetic buzz. If you need to have a productive afternoon or a creative escape,

Pineapple Express can help clear that mental clutter and let you focus on the important stuff. With flavors and aromas of apple, mango, pine, cedar, and, of course, pineapple, these naturally-flavored vape cartridges are as sweet as they are beneficial!

HYBRID- SATIVA

Cactus Cooler (Sativa Dominant) (Blue Dream/OG Kush cross) **Effect:** Upbeat cerebral kick, focused, productive. **Flavor:** Sweet, citrus, tangy, earthy.

The orange-pineapple flavor of Cactus Cooler soda has finally come to the world of vapes! When we figured out how to pair the tangy sweetness of Cactus Cooler with the benefits of Delta-8 THC, we were astonished at how incredible it turned out. Add the portability and discretion of vaping, and you've got a sunny state of mind right in your pocket.

Black Berry (Sativa Leaning Hybrid) **Effect:** Peppy, promotes focus, creativity, smiles. **Flavor:** Sweet, blackberry

The juicy sweetness of blackberries can now be enjoyed with the uplifting effects of Delta-8 THC! You may be wondering what sets the Black Berry strain apart from Blackberry Kush. Turns out, the flavor of blackberries in vape cartridges are so nice that we did it twice! Blackberry Kush is for when you're winding down, kicking your feet up, or heading to bed. Black Berry is a bit more peppy, promoting focus, creativity, and smiles. No matter which strain you choose, you'll get the sweet flavors of blackberries and the beneficial buzz of Delta-8 THC!

HYBRID- INDICA

Blackberry Kush (Indica Dominant Hybrid) **Effect:** Relaxed, happy, sleepy. **Flavor:** Berry, sweet, earthy.

There's a reason we named this flavorful strain after juicy and tangy blackberries. It's because Exhale's Blackberry Kush Delta-8 THC vape cartridges offer that same explosion of taste bud-titillating delight. We are so excited for you to try the sweet and smooth vapors of Blackberry Kush, but not just for the flavor. This strain is well-known for its total relief from the physical and mental tension we all face on a daily basis. Find out why it's becoming so popular today!

Gorilla Glue (Indica Dominant Hybrid) **Effect:** "Glued" to couch. **Flavor:** Earthy, sour, citrus, lemon, chocolate coffee.

Do you love the Gorilla Glue strain but can't enjoy the flower everywhere you go? Whether you're a longtime fan of Gorilla Glue or have never heard of it before, this is your opportunity to try our Gorilla Glue Delta-8 THC vape cartridge!

Fruity Cereal (Indica Leaning Hybrid) **Effect:** Relaxing, comfy. **Flavor:** Fruity, sweet.

If you never had the chance to wake up on a Saturday morning and watch cartoons while eating sugary cereal, this is your chance! The best part? You don't even have to take time out of your schedule to buy cereal, get in some comfy PJs, and turn on the TV (but no one's stopping you!). Experience that same coziness and relaxation with Exhale's Fruity Cereal Delta-8 vape cartridges. No matter where you are or what you're doing, this naturally-flavored, sweet-tasting vape can make you feel at ease and ready for whatever comes your way!

OG Kush (Indica Leaning Hybrid) **Effect:** Mixed head and body effect. **Flavor:** Fuel, sour, skunk, spice, earthy, pine, woody.

If you're looking for a premium vape cartridge with the same great flavor of the iconic OG Kush strain, look no further! Exhale's OG Kush vape is one of our favorites. Why? Because it is made from what is hands down the highest quality Delta-8 THC e-juice on the market. This OG Kush vape carries the same earthy and sour flavors you love from the flower. Take OG Kush anywhere with our discreet and portable vape cartridges that are built to last while encouraging a life of wellness.

INDICA

Mango (Indica) **Effect:** Euphoric, relaxed, happy, uplifting, mood boosting. **Flavor:** Mango, sweet, tropical.

Specially formulated with pure, broad spectrum hemp extract and premium natural terpenes, it doesn't get much better than Mango Delta-8 THC vape cartridges. Experience super sweet flavor, relaxing aromas, and full-body effects that encourage calmness. You don't have to head to the beach with some mango slices to feel your daily worries melt away.

SATIVA

Hawaiian Haze (Sativa) **Effect:** Energized focus, creativity. **Flavor:** Tropical, pineapple, mango, citrus, earth, and spice undertone.

The smooth, sun-kissed floral taste explodes across your taste buds, and the smoke creates a tropical-citrus cloud that envelops the senses. We didn't know Hawaiian Haze could get any better, but Delta 8 THC's tranquil and clear-headed euphoria made it even more enjoyable. The scents and exotic flavors of the tropics never fail to help bring some joy into life. Even in the dead of winter, a bit of citrus and island breeze can go a long way in making us feel warm and happy. For hemp lovers, all of this is within reach with a strain like Hawaiian Haze!

HYBRID

Sour Space Candy (Hybrid) Effect: Productivity, uplifting, energizing. **Flavor:** Apple flavors and a cocktail of fruits reminiscent of jolly ranchers.

Almost everything you need to know about Sour Space Candy CBD flower is in its name. Sour? It's delicious sour flavor profile simply cannot be found in any other strain. The closest you'll get is Sour Tsunami, which is one of this strain's parent flowers. Space? This federally legal flower's effects are so mind-centering and uplifting that you'll feel out of this world! Candy? One of the parent strains for this bud was Early Resin Berry, which adds sweet-as-candy notes to the overall taste and smell. Sour Space Candy Delta-8 THC flower is an excellent daytime strain for staying productive and energetic!

HYBRID-INDICA

OG Kush (Indica Leaning Hybrid) Effect: Mixed head and body calming effect. **Flavor:** Fuel, sour, skunk, spice, earthy, pine, woody. People throw the word "legend" around a lot, but it takes something truly special to be considered an actual legend. OG Kush is a certifiable legend, not only in hemp, but in pop culture. From its zesty, woody scent to its dense, sticky, green-and-orange buds, OG Kush was always destined for greatness. Now, that greatness has arrived with Delta-8 THC OG Kush. Never before has this strain been so complete in its benefits and effects. This is a calming strain, so sit back and enjoy some OG Kush for instant good vibes!

Cookies (Indica Leaning Hybrid) Effect: Calming. **Flavor:** Baked sweets, notes of diesel.

Cookies is a relatively new strain that has instantly cemented itself as one of the greats. After all, who doesn't love cookies? This strain has long been a favorite of CBD enthusiasts, but we at Exhale have managed to boost the levels of our favorite cannabinoid: Delta-8 THC! That's right, one of the best strains just got better with the addition of Delta-8, which will clear the mind of troubles and send you into instant relaxation. The flavor and taste will remind you of baked sweets, and slight notes of diesel give it that extra kick.

Skywalker OG (Indica Dominant Hybrid) Effect: Calming, soothing. **Flavor:** Tropical, piney, spicy, citrus.

Some strains are fruity, woody, or come with a bit of a kick. Skywalker OG doesn't make you choose. With Exhale's Skywalker OG Delta-8 THC bud, tropical flavors mingle with piney and spicy notes; there are even hints of citrus to round things out. But that's just the beginning. Once you spark up some of this flower and enjoy its delicious flavor profile, the Delta-8 will start to work its magic. A gentle euphoric feeling will guide you into calming, soothing effects that are perfect for stretching out, curling up, or laying back. May the force be with you.

Gorilla Glue (Indica Dominant Hybrid) Effect: Relaxing. **Flavor:** Earthy, sour, citrus, lemon, chocolate coffee.

Gorilla Glue is just as strong and useful as the product it's named after. Creativity and natural energy don't always come to us naturally, but you can kickstart a productive day with Gorilla Glue Delta-8 THC. Torch it up, and you'll quickly smell its citrusy, lemony, and chocolatey flavors — rounded out with notes of coffee. After inhaling the complexly flavored smoke, you may not even want that morning cup of coffee as the energizing benefits take effect.

INDICA

Zkittles (Indica) Effect: Calming, focused, happy, relaxed. **Flavor:** Tropical, sweet, berry, grape.

Zkittles with Delta-8 THC is a tropical explosion of fruity flavor that will satisfy your taste buds and well-being. Zkittles is a strain that never gets old, which is why these pre-rolls are rolled to last. Don't just taste the rainbow; let it carry you into a state of physical and mental bliss like never before.

Northern Lights (Indica) Effect: Mellowing **Flavor:** Earthy

Not all of us can make the trip to see the Northern Lights, but we have a much more affordable way for you to experience that same sense of inspiration and peace. The Northern Lights Delta-8 THC matches the legendary bud with an exciting new development in the hemp industry. We're talking of course about Delta-8 THC, which is a federally legal compound that encourages good feelings without the grogginess or paranoia that marijuana can induce. Feel clear-headed and at ease with Northern Lights Delta-8 THC's mellow effects that are perfect for nighttime use. The beautiful flower features bright orange hairs weaving through lime green buds. The sweet and spicy smell compliments the deep, earthy tastes.
