

THCA FLOWER

Sativa:

Citron - An uplifting sativa strain perfect for mornings and daytime use, with a flavors of sweet and sour lemon-candy spritz, welcome to Citron. Citron is sure to please any fans of classic limonene-heavy cannabis strains like Jack Herer and Lemon Drop. Pucker up.

- Sativa- Uplifting
- Top Shelf Indoor THCA Flower

Mocha - A new phenotype with aromas of dark chocolate, almonds and haze, Mocha is a delicious and powerful Sativa strain that packs a THCA punch, making it psychoactive. Depending on your mindset and intention at the time of use, Mocha may have uplifting and creative effects or calming and relaxing effects due to its hybrid nature.

- Sativa- Uplifting
- Top Shelf Indoor THCA Flower

Sativa Hybrid:

Bruce Banger - With big kush-drenched buds and lime green-orange colors, Bruce Banger displays flavors of citrus, diesel, and strawberry juice. Bruce Banger provides your palette with incredible flavors and is sure to make your mouth water. This may help enhance your mood and provide uplifting, motivating effects.

- Cherry lemon cream flavor
- Top Shelf Indoor THCA Flower

Hybrid:

Apple Tartz - is a hybrid THCA strain made from a cross of Apple Fritter and Runtz. Apple Tartz tastes like tart sour apples with hints of cream, berries, and gas. Some even detect notes of cookie dough or Apple Jacks cereal, with undertones of cinnamon. Apple Tartz is a beautiful strain with a mix

of dark and light-purple buds, with balanced effects ranging from euphoria to mild relaxation. A great option for early in the day or nighttime use.

- Sweet and Sour Apples and Pastry Flavors
- Relaxing Hybrid Strain

Indica Hybrid:

Frosted Kush - Frosted Kush THCA is a relaxing indica strain with pungent aromas of sweet cream, taro, sugary cereal and fresh berries. Its exotic bud structure displays colors of neon green and frosty white sugar crystals and is the perfect strain to wind down your day and enter into a more grounded state. Imagine a doughy, creamy dessert with sprinkles of frosted flakes and taro bubble tea that you can inhale.

- Cream, Cereal, Taro and Berry Flavor
- Relaxing Indica-Hybrid Strain
- Top Shelf Indoor THCA Flower

Goldberry - The Goldberry strain is a result of crossing the very popular indica Pot of Gold with Blueberry. Goldberry produces big, fluffy buds that are covered in crystals and often have deep orangey-red hairs. The flowers smell like fresh fruit—lemons and berries, to be specific—while the taste is reminiscent of blueberry lemonade with a slight skunky aftertaste. This hybrid is described as optimal for pain relief and relaxation due to its indica qualities..

- Blueberry lemonade flavor
- Indica Dominant Hybrid
- Top Shelf Indoor Grown THCA Flower

Grape Crush - or crushed grapes, is an indica-heavy hybrid strain with just enough sativa to keep the effects quite uplifting and smooth. The strain comes from Blueberry OG and Grape OG parents which is how it inherited it's name and berry flavor. This strain has a sweet and sour grape flavor with gassy citrus undertones.

- Super premium indoor-grown flower
- Mouth-watering terpene profile & flavor

Sugar Pop - is a THCA strain made from a secret cross of Sour Diesel, Bubba Kush, Oreoz and Purple Mystery. It is an indica dominant hybrid and users report effects ranging from relaxation to focused creativity. Some even report a heightened awareness and stillness similar to magic mushrooms. The strain has intense flavors of grape, gas, sugar and cherries, with hints of citrus and pepper, and is absolutely covered in trichomes. Welcome to the land of sugar and diamonds, you're welcome..

- Indica Dominant Hybrid THCA
- Intense flavor and aroma
- *****Top Shelf 5-Star Indoor Flower*****

White Truffle - is an indica dominant strain that quickly hits your head, with users reporting an ease of worry and mental tension before a relaxation slowly creeps through the body. White Truffle has a sweet and savory flavor profile accompanied by earthy and skunky undertones. This strain is best used at nighttime. Indica Dominant Hybrid THCA

- Indica Dominant Hybrid
- Sweet and savory flavor and aroma with earthy undertones

Indica:

Bluenana -. Bluenana is a hybrid strain made from a genetic cross between Blue Sherbert and Banana OG.

- Blueberry with a creamy finish
- Relaxing indica-hybrid strain
- Top Shelf Indoor THCA Flower

Blood Diamond - Blood Diamond THCA is a beautiful new cross of our special THCA mother plant and our original Blood Diamond CBD strain. It is a potent and calming indica strain with aromas of gasoline with sweet and sour fruits. It will leave you relaxed while easing body and mind tension.

- RELAXING INDICA STRAIN

Cherry Cough - If your a fan of cherry soda then you have found its replica in cannabis flower form. Cherry Cough has one of the most unique and pungent aromas of any strain we have ever seen, it smells like sweet cherry syrup, coca cola, and gas. It is a very potentially relaxing indica strain that users report glues them to the couch and has them ready for hibernation.

- Indica - Relaxing

Gorilla Glue – Just like the name implies, Gorilla Glue will leave you glued to the couch and ready for a good night’s rest.

- Indica
- Top Shelf, Indoor Grown

Kush Glue – Kush Glue is a new THCA strain crossed from Gorilla Glue and OG Kush. It is a potent and calming hybrid indica strain with flavors of gasoline, glue, cherries, and fresh spring rain. It will leave you relaxed and may ease tension of the body and mind. Read details for more info.

Sativa:

Melon Frost - Bursting with flavors of sparkling sour watermelon and gas, Melon Frost is truly a special strain. The buds are some of the most beautiful we have ever laid eyes on, varying from neon purple, to light green, and covered from head to toe with quartz-like trichromes. Its unique terpene profile may help to create a very uplifting, yet calm and focused experience.

- Sativa - Uplifting
- Top Shelf, Indoor Grown
- High THCA

Sativa Hybrid:

Space Candy - Space Candy originally comes from Heroes of the Farm, who bred this hybrid strain by crossing Cherry Space Queen and Cotton Candy. The genetic combination is as decadent as it sounds, as Space Candy inherits a unique flavor profile of candied apples and sweet cherry,

counterbalanced by more tame earthy notes. Its effects may take some time to taper in, but once they do, expect to experience the mind-body balance of invigorating euphoria and deep physical relaxation. Although a hybrid, Space Candy tends to have more uplifting effects and users report it is best used during the daytime. Its buds are bright purple and blue with streaks of green and orange.

- Sativa Hybrid - Uplifting
- Top Shelf, Indoor Grown

Indica:

Nightfire - Nightfire is a relaxing and sedating indica strain with strong aromas of lemon, diesel gas and earth. It is a very potent and flavorful phenotype of a popular cannabis strain and contains a diverse terpene profile. Please read the product details below for more information.

- Lemon and diesel flavor
- Top shelf indoor flower
- Less than 0.3% D9THC
