"It was one of the most memorable days ever. The hospitality and the planning were extraordinary, every last detail was looked into and taken care of. Our time with the experienced and efficient crew aboard the Key Largo was truly exceptional. A must do activity for anyone visiting Beirut. Literally a one stop shop for all your travel needs."

Pranav

"A large group of us were in town from NYC and had the absolute good fortune to be taken on a gorgeous boat to Byblos. We were so well taken care of from start to finish. MyClub hospitality is off the charts and so authentic. I can't recommend this experience / company highly enough - it was a highlight on our trip"
