How we sell

Having products evaluated and priced appropriately leads to obtaining greater value for your financial investment. Key in sales!

With our very own in-house experienced Paralegal Consultant and working relationships with some of the most prestigious law firms in the country, rest assure transactions and legal queries are done in accordance with the Laws of Belize.

Before any property is listed at GMI, it must be evaluated and processed through our Independent Pre-Listing Phase. This includes completing an on-site Property Inspection and Valuation Process, which must be conducted by a License Engineer/Appraiser. A thorough check is done on the property to identify any imperfection that may be a developing problem in the nearby future. This information is then gathered and used to do a Comparative Analysis to ascertain the Market Value of the subject property. The opinions stated are surrounded by factual information gathered and careful analysis of the relevant facts obtained.

Armed with the right price, properties are then subjected to a GMI Strategic Marketing Plan and is ready to be executed for a quick sale.

At GMI, we know what it takes to achieve the Goal of owning a new home in life, we are here to help you fulfil that dream!

Contact us at info@goldmarcinternational.com and one of our sales representative will contact you.
