More Than A Warranty

ARW does more than your average warranty company.

- We offer member benefits including free and discounted RV camping, pet benefits, identity protection, and more!
- ARW has great add-ons like roadside assistance, wheel & tire coverage, and more!
- We can even help you shop your RV insurance policy to find the best possible rate.

How It Works

Step 1: Go to a Repair Shop.

Step 2: Contact Us.

Step 3: We do the rest!

Repairs Anywhere

You can use your ARW warranty for repairs at any licensed repair shop in the USA or Canada. We're also the first warranty provider to let plan members use a mobile mechanic whenever they want (more about that later).

Partners, Not Brokers

We've got a close relationship with our administrator to ensure a speedy, transparent claims process.

A Plan for Every RV

With plenty of plans to choose from, ARW offers unbeatable extended warranty coverage for motorhomes (all classes), travel trailers, 5th wheels, and more!

We Pay Actual Costs

Some companies only reimburse their policyholders for the cost of used parts. ARW pays full retail for new parts so you're not stuck with the difference.

Trustworthy, Convenient Service

We go the extra mile to take the hassle out of RV repairs

- Dedicated Account Managers
- No Inspection Required
- Fully Transferable
- Backed By A-Rated Insurance
- BBB Accredited

What's Covered?

ARW covers components of your RV that break down mechanically. Unlike insurance, which covers damage and catastrophes, ARW protects you against inevitable, common occurrences that happen when you use your RV. From small electronics to major repairs like diesel engines or transmissions, ARW has you covered. Remember, different plans cover different items.

Mobile Mechanic Coverage

Using ARW's coverage just became more convenient than ever!

We know that the increasing popularity means more RVs on the road than ever, which means more RVs in repair shops. Because of this, ARW decided to help our plan members save time and hassle by allowing mobile mechanic repairs for any covered repair.

Other companies require that your RV be immobile—plus they only cover a portion of the service fee. ARW covers up to \$500 any time you need repairs but don't want to wait weeks or months on a repair shop. We make it easy so you can get back on the road.
