Hopes & Expectations

Our Hopes

That you have an absolutely WONDERFUL and perfectly safe time at ***The Happy Hammock*** and in The Poconos Lakes/Mountains area, in general!

What You Can Expect

1. A beautiful, quiet, clean retreat
2. Things in working order
3. Details described under the page titled: “What you can expect”

What We Expect

1. Treat our home like you would your own – or better! ☺
2. Don’t break any rules (next page). (Yeah, we get it… rules can be a pain, but they are also important because they help set clear expectations, and they can prevent injuries, accidents, and sadness!)
3. Clean up after yourselves and leave our place nearly as nice as when you found it (but there’s no need to mop, vacuum or make beds!).

When You Leave

1. Please simply follow the Departure Checklist (later in this Guide)
2. Leave *our* things. Please don’t take any of our supplies or anything else (large or small). We’ve worked hard to put everything together and to provide everything you could possibly need (including painkillers, cause getting a headache while on vacation is just cruel… right?!?) so please leave everything here so the next people (and very possibly our family) can use them.
3. Remember *your* things! Unfortunately, our cleaning crew cannot be responsible for getting your things back to you.

House Rules (and Common Courtesy)

1. ***Must be Age 25*** or older to book a reservation.
2. ***No dogs, other pets, or other animals***

If you want to have a fire in the firepit, simply call Security to notify them that you plan to have a fire (570-646-3532). There is a fire extinguisher on the screened-in porch "just in case" (but hopefully you won't need it!), and a working water-hose at the bottom of the porch steps (top of driveway.) Note that if there is ever a temporary LLV-wide "fire ban" due to high risk of forest fires, this will be posted on the main sign by the front entrance.*
4. *Alcohol, smoking & other drugs:*
   - ***No underage drinking, no out-of-control-drinking, and no large drinking parties*** (Otherwise, moderate alcohol use is fine of course. ☺
   - ***No smoking*** indoors or outdoors on the property (this means no use of cigarettes, cigars, pipes, smokable medical marijuana, etc.) If you must smoke, you can go to the street or use other designated areas in LLV, but please(!) don't litter your butts, etc.

6. *Hazardous items:*
   - ***No candles or incense***
   - ***No liquid fire-starter, gasoline, fuel, etc.*** (If you need something to get your firepit going, we recommend 1 long-lasting easy-start fire-log with a bunch of regular fire wood (all of which you can get at a grocery store or have delivered by Instacart)
   - ***No firecrackers, fireworks, guns, etc.***
7. *Loft & Upstairs:*
   - ***No horseplay, unsupervised children, intoxicated adults, or rowdy behavior in loft,*** and please also no throwing items from loft

2. ***Trash & Recycling:*** We would greatly appreciate your dropping these off at the "Compactor" (i.e., Dump) on your way out. (Don't put it outside or in the shed! Remember, this is BEAR BAIT, among other animals.)

7. ***Damp towels?*** Please hang wet linens on the hooks in laundry room.
8. ***Used ice during your stay?*** Please refill ice trays with water

10. ***Stove & oven off?*** Please double check.
11. ***All windows closed & locked?*** Please double check.
12. ***Shed locked?*** Please double check.
13. ***Anything in need of repair or restocking?*** If so, please just let us know!
14. ***Check carefully to make sure you have all your things (and none of ours).*** I know this sounds harsh, but please understand that if you leave something behind, it's basically gone forever. Unfortunately, there is absolutely no way for us to find lost items or return forgotten items to you. Remember to check the washer/dryer, drawers, closets, under beds, etc.
15. ***Please Drop a Friendly Review on AirBnB!*** While you're still glowing from your trip (and hopefully not needing a vacation from your vacation ☺) maybe your copilot can submit a *review on AirBnB?* No pressure, but we would very much appreciate it, especially as we're getting "off the ground" here. ☺ By the way, we always leave friendly five-star (*****) reviews for our guests… that is, as long as you don't trash our special place.

Safe travels home! We hope that you enjoyed your stay! Come back soon!
☺☺

What to Expect

The Happy Hammock is a bright, spacious, light-filled, lofted (but still cozy) house in a Zen-like hidden treasure of a wooded neighborhood. *The Happy Hammock* is a **3-bedroom, 2-bathroom** chalet with a cabin feel. It's nestled in a private, quiet little wooded oasis, where deer of all sizes and genders often wander through.

The closest beach (at Locust Lake) is a peaceful 5*ish*-minute walk, 2-minute bike ride, or 1-minute drive from the house. The Locust Lake Village (LLV) community also has three other small lakes that are easy to get to and enjoy. Both in LLV and in the surrounding areas, there is also terrific access to almost everything you can dream of for an ideal vacation.

The Happy Hammock has an **"open-concept" living area**, which contributes to the light and bright, open, free-flowing but still cozy feel of the house. The **kitchen** is fully stocked with any kind of cookware or serving ware you could need. We provide some basic condiments (in the fridge), coffee (in the freezer), Keurig coffee pods, as well as oils and spices. The **dining area** is "classy casual", with an elegant picnic-table-style table.

The **living room** is a very comfortable hang-out space, with a fireplace and windows on three sides. In addition to a sofa and reclined chair, it has a super comfy, ginormous, round, swiveling lounging chair, perfect for chilling, and napping too! There's also has a raised counter-style table that faces the beautiful backyard space, perfect for watching the kids play or spotting (other ☺) wildlife. The living room has a Netflix-equipped TV, karaoke machine as well as a Wii player, which is a great way to get the body moving on a rainy day. There are cozy blankets stored inside the coffee table (the top slides open from both sides). We also have a **"rec" closet** in the living room with games, puzzles, books, and a yoga-meditation-exercise "kit" which includes: two hand-sewn meditation pillows, two yoga mats, blocks, some basic weights, and a balance board. (Again, use this board, and everything else, at your own risk, and please note that this balance board is not advised for use by or around young kids… which we ourselves learned the hard way!).

There is a cozy, deliciously carpeted **second-floor loft** overlooking the living area. We want to keep the carpet "delicious" so we ask (beg?) you to please help by making this a shoes-off zone and by keeping food and drink to a minimum to reduce chances of spillage. The loft sports a Netflix-equipped television, a DVD player, and plenty of DVDs for viewers of all ages. This loungey loft area also a hanging egg chair. However, please don't swing on this egg chair egg-sessively (☺), and please… no rowdy behavior or unattended children in the loft area. Nobody wants tears or a trip to the E.R. on vacation! **Two bedrooms and one full bathroom** are also located on this second floor. (More info on the bedrooms on the next page… Can you stand the suspense??? 😉)

On the main level, adjacent to the dining area, there is a **screened-in porch** which provides a lovely, tranquil eating area with twinkle-optional string lights for enhanced ambiance! Be sure to look for deer while you eat! There are two open-air porches on either side of the

screened-in portion with additional seating and a standing hammock for super easy access from the house.

In the backyard, we have a firepit with six amazingly comfy outdoor chairs, two hammocks, and a large saucer-style swing! There's also a shed which houses so many fun things, like…

1. Cornhole & Bocci-ball sets
2. Pickleball (4) and tennis (4) racquets (and balls)
3. Frisbee-golf-type frisbees
4. Sports equipment (football, basketball, soccer-ball, volleyball, giant Kickball)
5. Bicycles (2) & helmets (2)
6. Kayak & canoe paddles, and life jackets (4)
7. Sleds (4)
8. Ice-skates of various sizes (14) & some elbow/knee pads and helmets

More details on the bedrooms:

Bedroom #1: This main-level bedroom has one Queen-sized, super comfortable bed, a large dresser, mirror, and two nightstands. It faces the front of the house and the gravel road, a road so quiet that you will rarely see cars drive by. Your view from the bedroom windows? Just the quiet road, and … trees. Just trees! This bedroom is nestled in a private offshoot of the living area, next to the main-level bathroom. This room does *not* have a television.

Bedroom #2: This beautiful second-floor bedroom has one very comfortable Queen-sized bed, a dresser and nightstand, and Netflix-equipped TV and (Note: the light-switch must be in the up-position for the TV to turn on). This room also houses the dedicated desk/workspace area (with an iPad stand and power-strip for easy connections). This room has a USB port on the nightstand lamp for easy charging of cell phones and other devices. It also has a Disney-brand "Pack-and-Play" for infants (stored in the closet) and a Queen-sized extra mattress topper (stored under the bed) for those who desire a *super-soft* mattress or in case there is a need for extra sleeping arrangements. (For example, this is helpful for parents who want to use this bedroom and whose children want to sleep in the same room as them.) This room is convenient to the second-floor bathroom, the loungey loft area, and the bunk room and faces West, overlooking the super serene backyard space.

Bedroom #3 (The Bunk Room): The bunk room is a fun space, technically sleeping up to six people. There are two bunk beds, both of which have a single/twin-sized mattress on the upper level, and both of which have a full-sized mattress on the lower level. One lower level bed easily converts to a sofa. (In fact, unless you've given us prior instructions to the contrary, when you arrive at the house you will find this lower bunk in "sofa position", with a set of sheets provided.) Ther room also has a dresser in the closet, a Netflix-equipped TV, and a 4-in-1 mini-game table to keep the kids busy while you are taking a breath for yourself! This game table has mini-versions of pool, ping-pong, air-hockey, and football. Please note that this is <u>not</u> a full-sized billiards table, table-tennis table, or air-hockey table, however it is perfect for kids (and kids-at-heart) who just want to have some fun!

Important Codes & Passwords

Door Keypad (for Entry)

Take note of the door code that we sent you by through the AirBnB app on your day of travel. If you didn't get this – or in the unlikely event that the keypad doesn't work – text us at 410-622-5667 (primary) or 410-258-0519 (as backup, if you don't get us on the primary number). If we don't respond by text within 1 minute, please call!

When you first arrive at the house, you'll use the ***keypad on the left-side front door*** (left, as you are facing the house) for entry. This laundry room entrance is also best for entering if you have wet shoes or snowy boots.

Once you have the code, please ***commit it to memory*** because the door does lock whenever it shuts. During your stay, especially if you are enjoying time outside, you may want to unlock the sliding porch door to make it easy to come in and out.

Getting There (& Parking)

Address:

LLV Main Office: 1778 Lake Lane, Pocono Lake, PA 18347
Our Address: 135 White Pine Drive, Pocono Lake PA, 18347

Driving Directions

Online maps/apps often take people to the back entrance which is gated. (If your directions include a horribly named *"Slutter Road"* you know you're on the ***wrong track***! ☺)

The way to stay on the ***right track*** is to:

FIRST navigate to LLV Main Office first (1778 Lake Lane)

THEN, *after* you arrive at the LLV Main Office, navigate to 135 White Pine Drive:

- Head through parking lot and go straight onto Lake Ln (don't turn right)
- Drive 1.5 miles and turn right at stop sign onto Locust Lane
- Drive just 0.2 miles and turn right onto White Pine Drive
- Drive just another 0.2 miles and turn right into driveway of 135 White Pine Drive

(When driving, be sure to obey all posted speed limits (generally speaking: 10mph near lakes, and 25mph elsewhere) and stop completely at stop signs. LLV Security is looking to write tickets, and they are very expensive [$150 for first violation!] so DO take this very seriously. Also, note: 10-25mph is slower than you expect, so watch your speedometer.)

Within about 24 hours of arriving:

Check in at Locust Lake Village main office and pick up your packet.

Parking:

The stone driveway can accommodate up to 4 cars. **PLEASE park only in the driveway.**

- No parking on the street even for a short period. Fines are your responsibility.
- No parking (or driving!) on the grass mound in our front yard. The septic system lives under this, and it will be CRUSHED if you park on it…. resulting in a very poopy, unhappy situation and thousands and thousands of $$$ in repairs (sorry, but since you've been warned, damages are also your responsibility).

Upon Arrival

Remove Shoes :)

We strongly request that you do not wear outdoor shoes inside the house (especially on the carpeted areas). Take off your shoes, put on your cozy slippers and kick back and enjoy!

Keyless Entry

This is your big chance to use the secret door code. If for some reason you haven't, please call or text us for a code.

Locking While Inside

The keypad-door locks automatically, so you don't need to worry about locking it from the inside. Also, keep that in mind when you step outside, so that you can be sure your combo is committed to memory and/or be sure you've unlocked another door.

Keypad Doesn't Work?

If you have any further issues getting in, please text us at 410-622-5667 (primary) or 410-258-0519 (as backup, if you don't get us on the primary number). If we don't respond by text within 1 minute, please call!

Adjust Heat

In the cooler months, feel free to adjust the thermostats to a comfortable temperature when you arrive. You will find a thermostat in each room, but please don't crank up the heat in rooms that you aren't using much. Most people find it comfortable somewhere between 68-71 degrees. When you leave, please leave the thermostats at 60 degrees. (Note that we do not have air conditioning, so in the summer you can use the standing fans.)

House Quirks

Septic Tank

In addition to having well water, we also have an on-property septic system. PLEASE only put toilet tissue in the toilet. Absolutely NOTHING else… so it doesn't get backed up!

Hot Water

The water in the showers and sinks runs **VERY hot**. The water heater is set this way so that you and your group do not run out of hot water. When taking a shower, try setting the dial at barely "Twelve O'clock" and then adjust it warmer (to the left) or cooler (to the right) from there.

Iron Water

Welcome to iron country! We have well water (which is why the toilet water and/or toilet-bowl might appear yellow/orange/rust-colored). Please rest assured that the toilet is clean! This is just the iron in the water.

The tap water is safe to drink, even delicious! However, for peace of mind and convenience, we've added a separate filtered drinking water tap to the kitchen sink tap.

Electrical Panel

If for some reason you need to flip circuit breakers, please know that the electrical panel is in the corner of the downstairs bedroom.

Insects

We have a monthly extermination service, so you probably won't see too many bugs. However, if you do, try not to panic. You are getting back to nature, and bugs are natural. If you come across a dead bug, we encourage you to just calmly and cooly use toilet paper to pick it up, and then flush it (and your memory of it) away. :)

What We Provide

Kitchen Things

The kitchen is very well outfitted. It includes: oven/stove, fridge, air fryer, microwave, coffee maker (Keurig, plus refillable K-cups), espresso maker, toaster, blender, mixer and baking gear, pots/pans, plates, bowls, glasses, wine glasses, mugs, silverware, etc., tea, spices, etc.

Linens

We provide sheets, bath towels, and dish towels. When you arrive, you'll find that the beds are made and ready for your stay.

Paper products

We provide toilet paper and paper towels to get you started. If you need more during your stay, you may need to provide those for yourself.

Games & Yoga/Meditation Gear

We have games & puzzles, 2 meditation pillows, yoga mats, a balance board, yoga stuff, etc.

Bikes & Other Toys

We provide two adult bikes, two adult helmets and two locks (combo=0135). We provide a variety of sports related balls, frisbee golf frisbees, and lawn games (detailed earlier). Plus: 13 pairs of ice skates (a bunch of helmets and pads) and 4 sleds for wintertime use.

Kayaks and Canoe

We have one canoe and four kayaks (one of which is a kayak/SUP combo) that you are welcome to use. In the off-season they are stored to the left of the shed. During the summer, they may be stored at one of the lakes. Please ask for location details if you are interested in using them. The paddles and life jackets are in the shed.
