#### Our Staff

- **Ratio:**  
14 Children and 2 teachers
- **Teacher Qualifications:**  
Classroom teachers have Bachelor's degrees with many years of classroom experience

#### Purpose and Goals

To provide opportunities that enhance the learning of our three-year-old students by exploring fun educational activities. We work to build the child's self-confidence through our planned activities. In addition, we focus on executive function skills to prepare the students for their next year of preschool. We use the Creative Curriculum and the Ohio Early Learning Content Standards to develop lessons aligned with the Common Core Curriculum.

# Life in the Three's Class

Children participate in a structured yet flexible program designed to build academic, self-help, and social skills through the fundamentals of reading, writing, math, science, social studies, and art. In addition, our day is filled with literacy-rich activities that keep the children engaged and eager to learn.

## Class Options

AM Classes 9:00 am-11:30 am

### Manatee Class:

Monday and Wednesday Mornings

### Turtle Class:

Tuesday and Thursday Mornings

### Under the Sea Class:

Friday Mornings

Children must be three before  
September 30th

# Under the Sea Class

Our Enrichment class for three-year-old children is called Under the Sea. Teachers spend extra time working with students on concepts and activities in this class and extend their lessons from the Manatee and Turtle classes. The teachers also plan more science and cooking experiences for additional learning. The children engage in more social and center time to foster their love for learning while allowing them to get used to experiencing three days a week at school.
