VETS 2 GWAC

The General Service Administration's (GSA) Veterans Technology Services 2 (VETS 2) Government Wide Acquisition Contract (GWAC) is a multiple award indefinite delivery/indefinite quantity (IDIQ) vehicle that provides agencies with access to customized IT solutions from a pool of highly qualified Service Disabled, Veteran-Owned Small Business (SDVOSB) industry partners. With a $5 billion program ceiling and a five-year base period with one five-year option, VETS 2 allows for long-term planning of large-scale program requirements while strengthening opportunities for SDVOSBs and enabling federal agencies to receive SDVOSB credit.

The VETS 2 GWAC is the only GWAC set-aside exclusively for Service-Disabled, Veteran-Owned Small Businesses (SDVOSB). VETS 2 is designed to meet a variety of diverse agency IT requirements, including new and emerging technologies.

OMB has named the VETS 2 GWAC a Best in Class contract for information technology (IT) services.
