

THE CROWN

INTRODUCING

The Crown epitomizes versatility and style in a four-foot straight bar design. Designed specifically to address customer suggestions for a smaller footprint, it is crafted with the same features found in our original curved bar. Mix and match components to create a bar that reflects your unique taste and personality.

DIMENSIONS

4' Straight Bar

Available as Do-It-Yourself Kits

Our New Designs can be ordered as a Do-It-Yourself Kit (DIY) or fully assembled and ready to use. Choose from various countertop designs, solid wood corners, and leather panels to match your favorite room or outdoor patio. A complete catalog of all the selection options can be viewed online or in a brochure format upon request.

3 Ways to Customize

Personalize Your Bar: Yours to Customize, Yours to Enjoy.

1. Select your countertop. 2. Choose the Leather color 3. Pick your corner style.

1. BAR TOPS

Our bar tops are produced with durable exterior plywood that is waterproof. The tops are finished using automotive primer, design colors, and an automotive topcoat by hydro-dipping.

2. LEATHER TILES

The leather tiles we use are stain-resistant and can shed moisture. We recommend you protect the bar with a fitted outdoor cover to maintain its pristine condition.

3. CORNERS

All corners are produced using Mahogany or Teak wood. Either species provides durability and can be finished in your choice of color options.
