CSI LUNCH & LEARN PRESENTATION: Benefits of Modified Wood Products for Exterior Applications

Presented by Larry Percivalle, VP Business Development,
Royal Plywood Co.

Presentation Details:

This presentation will look at the benefits of modified wood products for exterior applications. We'll review product performance, aesthetic and longevity.

These products are water and rot resistance, and offer beautiful wood aesthetic and versatility. We will discuss Accoya's 50 year durability warranty, Tricoya panels that are truly durable and stable, along with ACRE, a sustainable non-wood product. Larry will discuss the beauty of thermally modified woods and all its uses.

About the Presenter:

Larry Percivalle has over 30 years of experience in the wood industry. He is currently a VP of Business Development with Royal Plywood Co. As a product specialist, he has vast knowledge of thermally modified and treated wood products such as, Accoya, Tricoya, and ACRE.
