OBC 2024 Tournament Information

Partner draws will be on Friday night 1 week prior to every tournament regardless of meeting schedule. I will send out “commit to fish” alerts 1 week prior to the draw. You **MUST** be in the draw to have your fish count towards the tournament.

Tournament dates are fixed, locations could change.

1. All fish 3 lb or greater should be weighed, recorded and immediately released.
2. Small fish must be measured and be at least 12 inches in length before being brought to weigh-in.

** Partner verification is all that’s required for over 3 lb fish and/or 12 inch fish weight to count **

** Contestants without partners can have their fish verified by other OBC members or bring fish to weigh-in **
