

River Valley RV Park

As you approach our driveway (which is on the left), if you are coming from Keremeos (from the West), the highway goes from 2 lanes to 1 (**you must not stop on the highway to turn left and force traffic to stop behind you**). If there is traffic behind you as you near our driveway, pull onto the shoulder on the right side of the highway and let other's pass. Once it is safe to turn into our driveway (traffic clear behind you and on-coming), then cross over.
