

# Intro to Cable Tech Games

The Cable Tech Games is a fun way for Technicians to compete with other Technicians and show off their skills. After competing and winning at the local level there is the opportunity to compete nationally. In this 1-hour session we will introduce you to the games and what to expect if you decide to compete.

The SoCal Chapter will be hosting our local Cable Tech Games on 4/02/2024 at the Sheraton Cerritos. The winner of these games will get an all expense paid trip to compete at SCTE Expo in Atlanta in September 2024.

Are you ready to show off your skills? Register today so you know what to expect! Registration for this class will close on 2/27/24

\*\*For active SCTE members.
