

THE DISCOVERY MONTESSORI

April 21, 2024

Dear Parents,

April showers bring May flowers !

As the days are getting longer and the weather is getting milder, we have started preparing our classrooms for Spring activities and projects. The classroom boards are decorated with Spring themes and children have planted vegetable seeds in our school garden. Also, the school is planning a very special Mother's Day project in collaboration with a local ceramic arts studio, **Crack Pot Studio**. You will receive the details of this project in a form very shortly. This fun project will be completed by May 1 - May 2 so that it is ready to go home on Mother's Day weekend.

These presentations will take place at the school in the individual classes according to the schedule outlined below.
