TEAM COMPOSITION

Each team shall consist of 2 male and 2 female athletes. Each athlete on a team roster must meet the following age and eligibility requirements:

1. Be 13 years or over as at 20th October 2023;
2. Have no physical impairments or illnesses that would endanger the athlete or others;

REGISTRATION

Teams must declare their roster as part of the registration process. A team roster shall consist of four athletes; two men and two women. Up to four alternates may also be nominated, however, the final team list must be confirmed at check-in, prior to the commencement of competition. Team rosters MAY NOT be altered during the competition.

TEAM NAME POLICY

Teams names shall not include profanity nor any offensive terms or phrases. Team names shall be reviewed at the registration stage and a team may be asked to select a new team name if the team’s proposed name violates this policy.

CHECK-IN

All athletes from a team must check in together. Team captains shall confirm the four competing athletes at check-in.

EVENT ANNOUNCEMENTS

Teams will compete in multiple workouts, called “events,” over multiple days. The schedule and events will be released shortly before the competition begins.

EVENT BRIEFINGS

Teams will be briefed on events through scheduled event briefings. It is the responsibility of each competing team to attend all event briefings and all events on the competition schedule.

Athlete attendance is mandatory for the daily team briefings. The time of the briefings will be communicated to all teams. Teams who are late to or absent from a briefing may lose the right to appeal any decision made during the competition and also may be disqualified from further competition.

EVENT PROCEDURES

1. Teams will be assigned a Judge for every event. Judges shall not touch or move competition equipment during an event unless the equipment is likely to interfere with another team’s performance or if there is a legitimate safety concern;
2. Each team shall adhere to their judge’s instructions. Non-compliance with a judge’s instructions, arguing with and/or using threatening or offensive language towards a judge or member of event staff, attempting to publicly embarrass any judge or member of Event staff, Event sponsors, spectators, other athletes, or venue operator or owners, as determined by CrossFit Fatu Toa, in its sole and absolute discretion, may result in penalty or disqualification from the event and/or future events;
3. Event Judges have the authority to stop or suspend an athlete at any point in competition if he or she feels that the Athlete is at risk of serious injury to himself/herself or others;
4. Judgment calls made during the workout are final and are not negotiable or subject to change or modification;
5. Teams are responsible for ensuring that they perform the workout as prescribed, including:
 - a. performing all the required movements to the stipulated standard;
 - b. completing all of the required repetitions, using the required equipment and loads, meeting the required time;

6. Proper attire is required at all events. No attire shall interfere with event judging and the ability to assess athlete movement and/or range of motion;
7. Athletes may not receive any outside material assistance (water, tape, chalk, rope, etc.) from spectators or coaches once an event has commenced. Athletes shall only enter the competition floor with the personal items and attire necessary for that specific event. Where athletes are permitted to bring items onto the floor, they must be kept within their own competition lane or area. Items deemed to be excessive for an event may include extra shoes, water bottles, and extra clothing and may not be permitted.

UNCOMMON MOVEMENT CLAUSE

Any movement deemed uncommon, out of the ordinary, or used to amend, shorten, or change the accepted Movement Standard or Range of Motion including a line of action of any Event Movement can and will be disallowed. It is the responsibility of the Athlete to notify their Judge of any questionable movement before the workout.

EVENT SCORING

1. Specific scoring formats will be provided when the event formats are announced and during on-site briefings. Any configuration of men, women, or total number of athletes contributing to the event score may be required;
2. Events may have time penalties. Failure to complete a workout within the designated time may result in a specified penalty for any portion of the workout not completed or may result in the team not advancing to the next workout, regardless of overall rank;
3. Events may have a minimum work requirement in terms of the amount of time, repetitions, weight, or rounds to be completed in order to advance. Any such minimums will be announced as part of the event format. Failure to complete the minimum work requirement may cause the team not to advance in the competition, regardless of overall rank;
4. If a team does not advance to the next event for any reason (DNF, injury, etc.), that team will be ranked below all teams that started that event and will be disqualified from the competition.

EVENT LEADERBOARD RANKINGS

1. Team performances will be ranked for each event. Points will be assigned according to a team's relative rank (i.e. performance in comparison to that of other teams). These points will be used to rank the teams on *The Toa* leaderboard;
2. Ties on the overall leaderboard will be broken by awarding the best position to the team with the highest result in any single event. If teams remain tied after this first tiebreaker, the process

continues to the next highest single result, and so forth. Ties will not be broken for single event results. More than one team can share an event rank, and each will earn the original point value;

3. As the competition unfolds, only the top-ranked teams may be selected to continue in the competition.

EVENT APPEALS

1. Appeals pertaining to event results must be lodged with the Head Judge immediately following the event;
2. Judgment calls relating to movement standards made during an event are final and not negotiable or subject to change, modification, or appeal. A simple no-rep that the team disagrees with is not grounds for an appeal. In addition, athletes may not protest discrepancies related to the judging, scoring, or performance of another team;
3. *Appealable* scenarios include:
 - a. Scorecard or leaderboard inconsistencies or errors. For example, the team's score on the leaderboard does not accurately reflect their performance on the field;
 - b. Counting inconsistencies or errors. For example, where a team was asked to complete more than the required total number of repetitions;
 - c. Load/weight inconsistencies or errors. For example, where the equipment was loaded incorrectly or the weight of a maximum effort was recorded incorrectly;
 - d. Course markings or directional inconsistencies or errors. For example, where the team was given faulty directions on a course;
 - e. Equipment or monitor failure that was outside the control of the team;
 - f. Miscommunication by a judge regarding movement standards or event order or direction. For example, where a team was held to a different standard or asked to complete movements in a different order than what was discussed during the athlete briefing;
 - g. The actions of another team impeded the team's progress.
4. Video, photos, cell phone media, or any other media shall not constitute grounds for changing or modifying a decision, score, or entry made by an event judge;
5. Nothing in these procedures concerning event appeals, scoring discrepancies, event movement standards, or range of motion requirements should be read as a limitation on the Competition Committee's right to run or operate The Toa as it sees fit in its sole and absolute discretion. The Competition Committee's decisions are final. This includes the right to remove or disqualify any team from competition;

6. Scoring protests/appeals made by anonymous individuals regarding another team's performance will not be accepted;
7. Appeals may only be made after the team captain has signed the scorecard. Signing the team scorecard indicates the team acknowledges that they have a score. It does not mean the team agrees with the score;
8. Missing mandatory competition responsibilities such as athlete registration or event briefings may result in the denial of an appeal.

The Process

1. All appeals should be lodged immediately following the event in question. All appeals shall be lodged by the Team captain (no coaches or other athletes may be involved) with the Head Judge. No appeals will be accepted after the completion of that competition day. On the final day of the competition, teams may only appeal their final workout within fifteen (15) minutes following the conclusion of their assigned heat;
2. Appeal requests shall be considered in the order in which they are received;
3. To lodge an appeal, the team captain shall fill out the Appeals Form, providing a detailed description of the issue in question, and submit it to the Head Judge;
4. The Head Judge, involved floor judge(s), and the Competition Committee will review the submitted form and all available information pertaining to the situation;
5. Once all the information has been gathered, the Competition Committee shall make the final ruling and then communicate the outcome to the team;

THE TWO-APPEALS RULE

1. To keep the appeals process focused on legitimate issues, The Toa is implementing a new two appeals rule this year. Teams will start the competition with two appeals and have the option to appeal at any time;
2. Where, after investigation, an appeal is granted, the team shall retain their appeal count;
3. Where, after investigation, an appeal is denied, the team shall lose one appeal from their appeal count;
4. If a team exhausts their appeal count, they will not be allowed to make any other appeals for the remainder of the competition.

INJURY POLICY

1. Any athlete who is unable to finish an event due to injury, or who requires medical attention following the completion of an event, must receive clearance from the medical staff and Head Judge before returning to competition. The Head Judge will have the authority to remove the athlete from the competition based on the severity of the injury, likelihood of further injury, and other factors;
2. If any team member is disqualified from competition due to injury, the team may continue to participate **ONLY IF** the team can potentially meet the minimum work requirements for an event. If the team cannot meet the minimum work requirements for an event without a full roster, then the team may not take the competition floor, and it will be disqualified from the competition.

REQUIRED ATTIRE/GEAR

1. Proper workout attire, including shoes, is required for all events. No attire shall interfere with a judge's ability to determine whether the required movement standards and expectations for range of motion are being met. No attire shall be worn with the intent to shorten or reduce the range of motion of any movement;
2. Chalk, weight belts, non-tacky gloves, gymnastics wraps, hand tape, neoprene joint sleeves, and common fitness wear may be allowed during competition. In general, support gear that improves safety and/or comfort but does not confer advantage is allowed. Should the workout call for a pull-up bar, athletes may wrap tape around the pull-up bar or wear hand protection (gymnastics-style grips, gloves, etc.), but they may not tape the bar and wear hand protection;
3. Athletes may not use protective gear in a manner that provides additional grip assistance or weight support, e.g., wrapping a gymnastics grip around the bar for deadlifts or pull-ups;
4. Common support attire that is not allowed includes but is not limited to: knee or elbow wraps, gymnastics "hook and loop" grips, and tacky non-chalk substances used to enhance grip;
5. Unless otherwise stated, athletes may not receive assistance moving or placing equipment during any workout. Athletes who receive outside assistance to manage or place equipment during the workout may face penalty or disqualification.
