

# Worked All Connecticut Counties Award

The Candlewood Amateur Radio Association sponsors the WACC award for stations working all 8 Connecticut counties. An excellent way to do this is during the annual [NEQP](http://www.neqp.org) (New England QSO Party) held the first weekend of May. Questions can be answered at [www.neqp.org](http://www.neqp.org)

The image shows a certificate form for the WACC award. At the top left, the word "WACC" is written in a large, blue, serif font. To its right, the text "WORKED ALL CONNECTICUT COUNTIES" is written in a smaller, blue, sans-serif font. Below this, the text "THIS CERTIFIES THAT" is followed by a blank line. Underneath that, the text "Has made radio contacts with All 8 Connecticut counties" is followed by another blank line. To the right of these lines is a map of Connecticut, divided into its eight counties: Litchfield, Hartford, Tolland, Windham, New Haven, Middlesex, New London, and Fairfield. Each county is a different color. Below the map is a circular logo for the Candlewood Amateur Radio Association (CARA), featuring the acronym "CARA" in red letters on a blue background, surrounded by the text "Candlewood Amateur Radio Association" in a yellow border. At the bottom left, the text "Presented by: Candlewood Amateur Radio Association" is followed by a blank line. To the right of this is the text "Date" followed by a blank line. At the bottom left, the text "President of CARA" is followed by a blank line.

## WACC Rules

1. Contacts may be made on any amateur radio band or mode (no repeater/digipeater contacts, however satellite contacts are accepted).
2. A confirmation must be presented for each of the 8 counties. Confirmations may be any combination of QSL card copies or LOTW screenshot:
  - o Physical QSL cards must have the CT County either printed or written.
3. All contacts must be made from the same country.
4. Portable and mobile units may be claimed. Stations on county lines count for both counties, provided the confirmation from the worked station confirms the county line operation.
5. Single band/mode applications are accepted and the WACC award will be suitably endorsed.

## How to submit:

Complete the single page application form [which can be found on the CARA website: www.cararadioclub.org](http://www.cararadioclub.org)
