

OKLAHOMA NOTICE FORM

Notice of Psychologists' Policies and Practices to Protect the Privacy of Your Health Information

THIS NOTICE DESCRIBES HOW PSYCHOLOGICAL AND MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

I. Uses and Disclosures for Treatment, Payment, and Health Care Operations

I may use or disclose your *protected health information (PHI)*, for *treatment, payment, and health care operations* purposes with your *consent*. To help clarify these terms, here are some definitions:

- “*PHI*” refers to information in your health record that could identify you.
- “*Treatment, Payment and Health Care Operations*”
 - *Treatment* is when I provide, coordinate or manage your health care and other services related to your health care. An example of treatment would be when I consult with another health care provider, such as your family physician or another psychologist.
 - *Payment* is when I obtain reimbursement for your healthcare. Examples of payment are when I disclose your PHI to your health insurer to obtain reimbursement for your health care or to determine eligibility or coverage.
 - *Health Care Operations* are activities that relate to the performance and operation of my practice. Examples of health care operations are quality assessment and improvement activities, business-related matters such as audits and administrative services, and case management and care coordination.
- “*Use*” applies only to activities within my office such as sharing, employing, applying, utilizing, examining, and analyzing information that identifies you.
- “*Disclosure*” applies to activities outside of my office, such as releasing, transferring, or providing access to information about you to other parties.

II. Uses and Disclosures Requiring Authorization

I may use or disclose PHI for purposes outside of treatment, payment, and health care operations when your appropriate authorization is obtained. An “*authorization*” is written permission above and beyond the general consent that permits only specific disclosures. In those instances when I am asked for information for purposes outside of treatment, payment and health care operations, I will obtain an authorization from you before

releasing this information. I will also obtain an authorization from you before using or disclosing PHI in a way that is not described in this Notice.

You may revoke all such authorizations of PHI at any time, provided each revocation is in writing. You may not revoke an authorization to the extent that (1) I have relied on that authorization; or (2) if the authorization was obtained as a condition of obtaining insurance coverage, and the law provides the insurer the right to contest the claim under the policy.

III. Uses and Disclosures with Neither Consent nor Authorization

I may use or disclose PHI without your consent or authorization in the following circumstances:

- **Child Abuse:** If I have reason to believe that a child under the age of 18 years is the victim of abuse or neglect, I am required to report the matter promptly to the Department of Human Services.
- **Adult and Domestic Abuse:** If I have reason to believe that a vulnerable adult (defined below) is suffering from abuse, neglect or exploitation, I am required by law to make a report to either the Oklahoma Department of Human Services, the district attorney's office, or the municipal police department as soon as I become aware of the situation.

A "vulnerable adult" means an individual who is an incapacitated person or who, because of physical or mental disability, incapability, or other disability, is substantially impaired in the ability to provide adequately for the care or custody of him or herself, or is unable to manage his or her property and financial affairs effectively, or to meet essential requirements for mental or physical health or safety, or to protect him or herself from abuse, neglect, or exploitation without assistance from others.

- **Health Oversight:** If you file a disciplinary complaint against me with the Oklahoma State Board of Examiners of Psychologists, they would have the right to view your relevant confidential information as part of the proceedings.
- **Judicial or administrative proceedings:** If you are involved in a court proceeding and a request is made for information about your diagnosis and treatment and the records thereof, such information is privileged under state law, and I will not release the information without written authorization from you or your personal or legally appointed representative, or a court order. The privilege does not apply when you are being evaluated for a third party or where the evaluation is court ordered. You will be informed in advance if this is the case.

- **Serious Threat to Health or Safety:** If you communicate to me an explicit threat to kill or inflict serious bodily injury upon a reasonably identifiable person, and you have the apparent intent and ability to carry out that threat, I have the legal duty to take reasonable precautions. These precautions may include disclosing relevant information from your mental health records, which is essential to protect the rights and safety of others. I also have such a duty if you have a history of physical violence of which I am aware, and I have reason to believe there is a clear and imminent danger that you will attempt to kill or inflict serious bodily injury upon a reasonably identifiable person.
- **Worker's Compensation:** If you file a worker's compensation claim, you will be giving permission for the Administrator of the Worker's Compensation Court, the Oklahoma Insurance Commissioner, the Attorney General, a district attorney (or a designee for any of these) to examine your records relating to the claim.

When the use and disclosure without your consent or authorization is allowed under sections of Section 164.512 of the Privacy Rule and the state's confidentiality law. This includes certain narrowly-defined disclosures to law enforcement agencies, to a health oversight agency (such as HHS or a state department of health), to a coroner or medical examiner, for public health purposes relating to disease or FDA-regulated products, or for specialized government functions such as fitness for military duties, eligibility for VA benefits, and national security and intelligence.
