John 1:43-51

That number, 1, has been in our sermons for many weeks. Whether it was Caesar Rodney or William Carey, a single person can make an eternal difference. Last week was a bit different, we looked at ___ people, ___ places, ___ pleas. One man was too self-absorbed to care about the other. The rich man either passed by or stepped over the poor man anytime he left his residence.

___ Person. That's all it takes. Just ___ church can jumpstart a revival. What would it take for Emory to be that church? 1:86. ___% of the people who come to faith in Christ are invited by someone who simply said "come, and see," ___% of believers will invite other _____ to "come, and see." Only ___% will ever invite a lost person to "come, and see." The other way to see that stat: 98% of Christians will ***never*** invite an unbeliever to "come, and see." Reasons We Avoid Evangelism

- We think we are never around unbelievers. Now, if this is true, what are we to do?

- We've convinced ourselves evangelism is illegal. If this true, what are we to do?
- We've convinced ourselves that we are simply too busy. If this is true, what are we to do?
- We've convinced ourselves that others won't be interested, won't listen, they've heard the gospel already and rejected it. If these things are true, what are we to do?
