**CRIME SUMMARY**

Susp continued to email Vict despite a current restraining order on file that he has been served. RO #4EA0693101

**FOLLOW UP INVESTIGATION**

On 01/03/17, I, Det. Smith #27542 spoke to Vict via telephone. Vict informed me that she is a [REDACTED] and that she is an elected [REDACTED]. Vict came in contact with Susp via her duties for the school board. Susp would often attend the school board meetings. To Vict's knowledge Susp does not have any children in [REDACTED]. Susp began calling Vict and leaving her multiple voice messages in 2014. Vict filed a police report and a jury trial convicted Susp of 3 counts of annoying telephone calls and sentenced him 3 years' summary probation in March 2016.

Susp sent out a mass email on October 9, 2016 to approximately 100 employees of varies jobs within the county and city of Los Angeles along with Vict. On November 1, 2016, Susp sent out another mass email this time to approximately 150 government employees. The list included Karen Bass, Chief Beck, and Mayor Garcetti along with the Vict. According to the Vict, Susp was instructed to delete her name from his email list before his trail. Susp did not delete Vict and sent the above listed emails in violation of restraining order # [REDACTED].

Vict stated that she has never had any personal relationship with the Susp, her only knowledge of Susp was via the meeting of the [REDACTED] board. Vict stated that she has attended board meetings in which Susp was there and asked to leave. Due to Vict seeing Susp at the board meetings and their trail she can positively identify him. I later faxed Vict a copy of Susp's driver's license photo and asked if the person in that photo was the Susp. Vict signed and dated the photo as a "yes".

Just like three years of no phone records from [REDACTED] the perjurer. LAUSD is a Criminal Protection Ring and the Criminal School Board and I have enough proof to sink a ship like theirs phony game with documents and video like their hacking my computer at the LAUSD Board of Education with Michelle King sitting right there and defending it. She is a co conspirator as all sat there and I was kicked out of the meeting and the criminals were left there including the employee who broke State and Federal Anti Hacking Laws which are FELONIES AS IS "DOUBLE JEOPARDY, NO EXCULPATORY EVIDENCE, AB 1329 AND 1909, ILLÉGAL PROSECUTOR, CRIMINAL PUBLIC DEFENDERS AND CROOKED JUDGES." THEY ALSO DISAPPEARED SOME OF MY CASE FILE AND I ALSO HAVE THE PROOF OF THAT INCLUDING THE JUDGES ILLEGALLY HANDLING THE CASE AS THEY WERE TOLD "YOU ARE PROTECTED."

THIS GOES TO VANITA GUPTA, HEAD OF THE DOJ CIVIL RIGHTS. SHE KNEW OF THESE CRIMES 5 MONTHS AGO. THERE IS SO MUCH MORE CORRUPTION. I HAVE A TRILLION IN CORRUPTION. WHAT WOULD YOU DO TO AVOID JAIL AND LOSS OF EVERYTHING? YOU WOULD TRY TO KILL THAT PERSON NATURALLY AS THEY HAVE ATTEMPTED TO DO MULTIPLE TIMES.

IS THIS ACCEPTABLE?

Go to George Buzzetti-You Tube to video lafa7c minute 23:10 and watch Chief Beck and the LAPD Police Commission commit FELONIES when they erased the audio of the meeting ILLEGALLY. This is a P.C. 132 and when loaded to the web it becomes "Interstate Commerce" and now able to be prosecuted under the Hobbs Act, government corruption, and RICO, organized crime.

Do not forget that [REDACTED] also tried to ILLEGALLY charge Tom Carter with crimes he did not commit with "Color of Authority" and Tom and I have the letter from LAPD Police Chief Beck stating such. [REDACTED] is a serial "Color of Authority" Criminal.

IT IS TIME TO ARREST IMMEDIATELY THE REAL CRIMINALS.

ON TOP OF THE TRUANCY 136,000 DO NOT COME TO SCHOOL EVERYDAY AT LAUSD OR 22%. THIS EQUALS A LOSS TO THE GENERAL FUND BUDGET OF \$2.1 BILLION AND OVER 15,000 JOBS NOW LOST ALONG WITH THE COSTS IN THE CRIMINAL JUSTICE SYSTEM TOM AND I HAVE FOUGHT FOR YEARS.

WHAT ARE YOU ALL GOING TO DO?

YOU ARE WHAT YOU DO, NOT, WHAT YOU SAY.

Good day again Tania:

The purpose of this updated email to you is for you to understand the need for you to now comply, as to my open California Public Record Act (CPRA) requests, as to open matters not dealt with by others at LAUSD to date.

Your responses will now give the 2016 Las Angeles Unified School Distinct (LAUSD) Board empirical evidence on October 25<sup>th</sup> ; for them to then to **give their approval as to the need for "Data Sharing" Truancies as an "Early Warning System" with Local Government, currently ignored in LA, to make sure they are able to then potentially reduce future Homelessness counts in LA County, knowing that Truancies are a Condition precedent to Homelessness; and now also be making sure students are at school during school hours to keep LAUSD solvent.**

Now that you have sadly made public that LAUSD has failed to share about 298,000 Habitually Truant Counts, about 50% of those enrolled last year, with Local Government (City and County offices) as a partial response to my California Public Records Act (CPRA) request as to students not

in school unexcused in excess of three times I ask the following as to other requests ignored:

A. When this next week, or at least by October 18, will you make public the balance of my open requests as follows in writing for then Jefferson Crain, the Board Secretary, to distribute your responses to the Board for their October 25, 2016 meeting of the Committee of the Whole, and now also the good folks listed above and me this information?

B. When will you now make public as to 1975 Student Attendance Review Board (SARB) promulgation, that it appears possibly is an added failure to "collaborate" the counts, with Local Government, as follows after six (6) and nine (9) ~~absences~~ absences from school:

1. After six unexcused absences, and a SARB Notice, as SARB Letter # 2, is assumed sent to Parents and or Guardians, one now asks how many Notices by School within LAUSD were sent the Stakeholders within the City and County of LA for the year ended June 30, 2016, 2015 and 2014 placing them on Notice a SARB hearing was to commence?

Which begs the added question does LAUSD maintain a log that reflects which Local Government Stakeholders attended the meetings for the past three years?

2. After nine unexcused absences, and a SARB Notice, as SARB Letter # 3, is assumed sent to Parents and or Guardians, one now asks how many Notices by School within LAUSD were sent the Stakeholders within the City and County of LA for the year ended June 30, 2016, 2015 and 2014 placing them on Notice an investigation needs to be initiated to be sure there is no Child Abuse at a School or in a Home it appears as is currently ignored?

Which begs the added question if recently a 12 year old boy died within the City of LA, as reported in the media, who had not attended LAUSD since 2012 does LAUSD maintain a log that reflects which Local Government Stakeholders were sent a Notice he was not in school in excess off nine (9) times unexcused ?

C. When will you now make public as to 2012 Proposition30 failed promise for "Accountability, that it appears possibly is an added failure to "collaborate" the counts, with Local Government, as follows after eighteen unexcused absences from school and or as to funding LAUSD dollars, with ZERO "Accountability" as follows :

3. After eighteen unexcused absences, were any Notices sent Parents and or Guardians their progeny were not in school unexcused excess of 10% of a school year, and one now asks how many Notices by School within LAUSD were sent the Stakeholders within the City and County of LA for the year ended June 30, 2016, 2015 and 2014 placing them on Notice this family in in violation of Penal Code section 270.1 (LCFF Priority \$#5) creating the need for an investigation be initiated to be sure there is no Child Abuse at a School or in a Home as it appears it is currently ignored?

4. Make public the Accounting Reconciliation from Megan Reilly at the Board meeting, if not before in writing to us, why for the year 2013-14 LAUSD requested only as to the added "unduplicated" counts "Low-income" LCFF funding for only about \$ 333,000,000 versus requesting for the year ended June 30, 2015 about \$ 723,000,000. Might LAUSD have neglected to properly file for the year 2013-14 for certain eligible funds, due to the fact the CDE failed to issue "rubrics" how to file; and now years later has not as of today even issued "rubrics" [Rubrics are to be the CDE instructions how Schools are to file for LCFF funding]?

Might LAUSD go Bankrupt, and be taken over by the State in 2016, without the need for Trump Mania, if their

Balance Sheet currently reflects , as of June 30, 2015, LAUSD already has \$4.2 billion deficit (Liabilities in excess of Assets)?

I now wait for your call to me at 1.818.521.0072 to discuss the above including, if any of the pages in the file attached (2016 10 25) are possible in need of changes.

**Thanks now for your involvement to be assisting me to make sure LAUSD leaves No Child Behind or Taxpayer Dollar Behind and or at Waste, prior to October 25, 2016, as are the laws ignored by Local Government (City and County offices).**

Tom,

Take off your list. You work for the criminals obviously. Therefore nothing to do with you until you have to testify for me under penalty of perjury. Do all of you understand.

LAUSD is the "Criminal School Board" and Superintendent as I have Michelle King helping my computer being hacked at the LAUSD Board of Ed. in Oct. 2013 on video. That is only a class 1 State and Federal Crime so they are the "Criminal School Board" as they kicked me out of the meeting and helped the actual criminal to go free until now.

You went on vacation so you could not testify for me at trial which was illegal under AB 1328 and now AB 1909 which puts the prosecutor in prison for no "Exculpatory Evidence."

I was charged, tried, convicted and sentenced with "DOUBLE JEOPARDY", "NO EXCULPATORY EVIDENCE", AN "ILLEGAL PROSECUTOR, as in L.A. since 1915 it has been illegal to prosecute a misdemeanor by the D.A., JUDGES NOT FOLLOWING THE "MARSDEN HEARING RULES", THEN JUDGES NO KNOWING THE LAW CONCERNING ALL YOU JUST READ.

Now my so called appeals attorney has 4 continuances as he says the judge will not let him see the records and my former defense attorney at the so called public defenders office will not meet with him and he has not delayed my sentence which is normal and not gone to any judge for the phone records which already have court orders and illegal to go to trial without the Exculpatory Evidence but who cares about the law when it is George Buzzetti as he has us going to prison so many ways like Chief Beck and the LAPD Police Commission committing multiple FELONIES at the 5-5-16 LAPD Police Commission Meeting when they erased the audio to the meeting which is a P.C. 132 a FELONY WITH NO "STATUTE OF LIMITATIONS." How about that one.

When loaded to the web it becomes "Interstate Commerce" and now eligible for the Hobbs Act, government corruption and RICO, organized crime.

How many of you want to go to prison with Chief Beck, the LAPD Police Commission, my lawyers, the prosecutors including Jackey Lacey and Kamala Harris, then to the DOJ and Vanita Gupta as she knew in Feb. about all of this and has done nothing about my situation and the 2003 DOJ Agreement. Yesterday Senator Boxer's office told me they knew of the DOJ Agreement and knew it was not being enforced and did not care. How about that.

Then read the Holly Mitchell to Karen Bass letter to the DOJ written in Feb. never delivered.

What does it take to have the law enforced against "Color of Authority", UHC 1983 and California Penal Code Title 8, Chapter 36 on Bribery and Corrupt Influence for example of what everyone has been doing.

All of you "Have a Very Bad Days." for your corruption and non concern for an innocent person falsely accused with perjured testimony by the highest law enforcement and no one cares which means we are totally corrupt and a lawless country.

AMERIKKKA IS EXCELLENT AT TOTAL CORRUPTION

YOU ARE WHAT YOU DO, NOT, WHAT YOU SAY AND THAT MEANS AMERIKKKA IS TOTALLY CORRUPT WHEN IT GOES THIS FAR.

How would you like a hit by the police on you for two years? Just read L.A. School Report. Since I cannot get Health Care for serious conditions which can cause death what do you think I am now going to legally do to all involved in trying to assassinate me?

It will be legal and not fun for the Perps.

Good day Earl:

Might you share with the good folks listed above what does LAUSD do with these numbers, other than publish them, as not reported below by LA School Report?

***If “teachers and administrators are better at reporting the issues into the iSTAR system”, does LAUSD share them with Local Government, as are the laws ignored, when these students then potentially do not come to school after the incidents?***

Asked differently, why has the 2008 Board Resolution, copy attached as page/slide 6 of 15, as was sponsored by Board member Monica Garcia, ***been ignored by you and others at LAUSD***, to have begun to “data share” as an “early warning system” the 52% of those cumulatively enrolled, dubbed Habitually Truant, some 313,000 students last year at LAUSD, that possibly might be masking Child Abuse at a School or in a Home?

***Does the “iStar” data system cross check data with the MiSiS system, when these incidents might lead to truancy counts reported by MiSiS; all data it appears ignored to be shared with Local Government? Why ignored in LA County, not ignored in other County, in accordance with numerous laws?***

Might you now call me at [1.818.521.0072](tel:1.818.521.0072) to discuss if a Jonatan Aguilar, the young boy who recently died due to alleged child abuse, as reported in the media, ignored by Local Government (City and County offices) could be alive today, if LAUSD had reported the SARB notices to government after he was not in school since 2012, as required by law after six truanancies to have a SARB hearing; and then after eighteen truanancies to determine if Penal Code Section 270.1 was warranted to have been initiated by the County DA, after a City Attorney first investigated it there had been Child Abuse – get the picture?

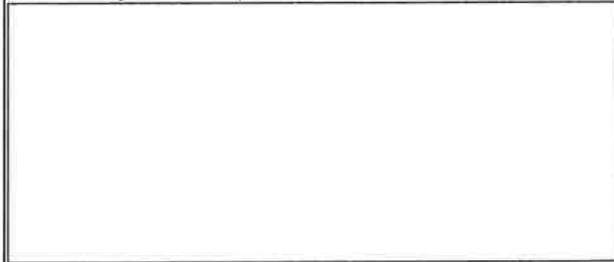

Thanks now in advance for the call.

## Middle school incident reports top high schools for first time at LAUSD; suicidal behavior is up

Mike Szymanski | October 31, 2016

For the first time since LA Unified has collected such data, the number of incidents involving fights, suicidal behavior, bullying, drugs and other disruptions on campuses was higher at middle schools than at high schools.

The district last week released the [2015-2016 iSTAR Annual Report](#), which stands for the Incident System Tracking Accountability Report. The report not only shows serious issues such as finding weapons or illegal drugs on students or staff, but also records accidents, medical issues, vandalism and bullying on every LA Unified campus. The reports are computerized and updated every five minutes and available to every administrator.

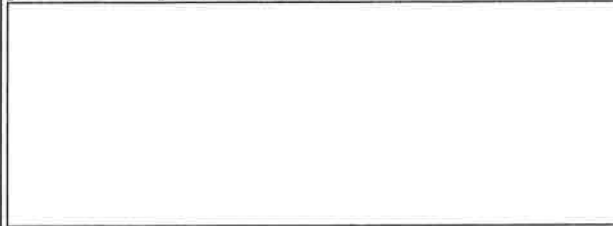

For the first time since the iSTAR numbers were collected and computerized six years ago, the number of incidents at the district's 83 middle schools exceeded the number of incidents at the 98 high schools.

The number of middle school incidents hit 9,663 last school year, mostly involving suicidal behavior, injuries, fighting and physical aggression. In high schools last year, 9,597 incidents occurred mostly involving injuries, suicidal behavior and medical concerns, which include asthma, seizures, heat stress and intoxication.

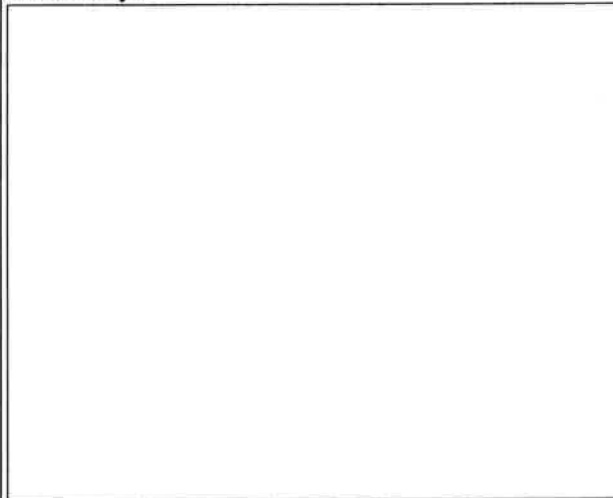

By sheer numbers, the 452 elementary schools continue to have the most incidents. Last year 16,740 issues were reported mostly involving injuries, accidents, fighting and physical aggression.

"I'm concerned about the iSTAR statistics and what they indicate for the current state of our middle-grades students," said school board member Ref Rodriguez, who has championed middle school education and helped start charter middle schools. "Ever since I founded a middle school in my community, I have always had a passion for serving our adolescent youth because of the stressors they feel socially, emotionally, physically and mentally. The data are unacceptable and reinforce my commitment to ensure that our schools provide the holistic supports and services that are necessary to truly combat these learning barriers."

Overall, the number of issues reported rose 22 percent to 41,141 from the 2014-2015 school year. The year-over-year increase the year before had been 15 percent, and 7 percent the previous year.

It doesn't mean that there are more incidents happening on campuses, but that teachers and administrators are better at reporting the issues into the iSTAR system, according to Earl R. Perkins, the associate superintendent of district operations. "The iSTAR reporting system captures events that affect the district, its students, employees and surrounding communities," Perkins said in his report. "With collaboration between schools and offices, authorized users and administrators of iSTAR can together achieve a more precise data set and a better analysis for the school community at large. The strategic operating plan is set and the bar has been raised for the new school year for continued improvements upon processing efficiency."

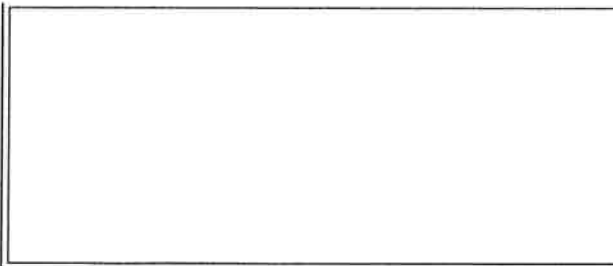

Most of the incidents occurred at schools in the West and Central districts while the least amount occurred at schools in the Northwest and Northeast areas (mostly the San Fernando Valley).

One of the biggest concerns is suicidal behavior, which has increased from 4,607 in 2014-2015 to 4,981 last year. Most of the incidents are non-injury, but 1,548 incidents involved cutting and 673 incidents required hospitalization.

According to LA Unified's Youth Risk Behavior Survey, 30 percent of high school students reported a prolonged sense of sadness or hopelessness every day for two or more continuous weeks, while 22 percent of middle school and 14 percent of high school students seriously considered attempting suicide.

“School personnel are instrumental in helping students and their families by identifying students at-risk and linking them to school and community mental health resources,” noted Perkins, referring to the district’s “Suicide Prevention, Intervention and Postvention” plan, which offers a new series of brochures for help and guidance in both English and Spanish.

The iSTAR system also records incidents that happen off campus and on school buses. The data showed 241 incidents at adult education centers and 104 issues at charter schools that are co-located on district property. The iSTAR data show that incidents happen mostly between noon and 1 p.m., according to the report.

The report is used to identify where Restorative Justice, anti-bullying, Commercial Sexual Exploitation of Children or other preventive programs are most needed in the schools.

Of the 10 most reported issues, injuries, suicidal behavior, fighting and accidents were among the highest. The lowest in the top 10 were sex crimes, illegal substances and weapons. Board districts 2 and 7 (Mónica García’s and Richard Vladovic’s districts) had the most incidents, while board districts 3 and 4 (Scott Schmerelson’s and Steve Zimmer’s) had the least number of reports.

“We continue to focus on our efforts in looking at trends and improving our processes — considering the ever-changing iSTAR issues/features that are added each year to help enhance reporting,” Perkins said in the report. “In addition, we also work hard in raising awareness of incidents that impacts our students, staff and community.”

## Morning Read: California voters to decide course of bilingual education

LA School Report | November 1, 2016

### The debate over bilingual education in California

It has been nearly two decades since California imposed significant restrictions on bilingual education and mandated English-only instruction for the state’s 1.4 million English-language learners. But on this year’s ballot, Proposition 58 will give voters a chance to lift those restrictions and make it easier for parents to choose. *By Claudio Sanchez, NPR*
