INTRODUCTION

The Department of Justice (DOJ), Bureau of Criminal Information and Analysis (BCIA), Criminal Justice Statistics Center (CJSC) collects, analyzes, and develops statistical reports and information which provide valid measures of crime and the criminal justice process in California, as required by the Penal Code Sections outlined in this publication, *DOJ's Data Collection and Reporting Responsibility*. The goal of the CJSC is to provide accurate, complete, and timely criminal statistical information to the public, local government, criminal justice administrators and planners, the legislature, the Attorney General, the Governor, state agencies, federal agencies, and criminal justice researchers through a variety of publications and services. To provide these services and publications, the CJSC collects and compiles data from more than 1,000 city, county, and state criminal justice agencies in California.

This document provides general guidelines to law enforcement agencies, District Attorneys, Public Defenders, and Probation Departments regarding their requirements to report to the CJSC. For each reporting requirement there is a brief description of what data are collected (introduction), which agencies are required to report the data (who), the statutory code section(s) that require reporting (why), the due date of the report (when), and the form or alternative method required to be used to report the data (how).

For any additional information or clarification, please write or call the Criminal Justice Statistics Center. They can be reached by telephone, FAX, or e-mail:
