

Meet the Stuarts

Peter, Joel, Linda, & Isaac

Spring/Summer 2014

Assigned to Brazil, South America with Wycliffe Bible Translators

Using aviation to support the work of Bible Translation

Who we are:

Peter grew up in Nova Scotia and at an early age gave his life to Christ. In 1998 God placed in Peter a desire to serve Him through mission aviation. This led him to Moody Bible Institute where he met Linda, studied mission aviation and graduated with a B.S. in Mission Aviation.

Linda grew up in Wisconsin and gave her life to Christ at the age of five. During a missions trip to Mexico in 2001, Linda felt a call and desire to serve in missions. She and Peter married in 2005 and they have two boys, Isaac (2009), and Joel (2011).

The Need:

Of almost 6,900 languages in the world, over 6,300 languages do not have a *complete Bible* in their language.

Amazingly, over 4,000 of the world's languages *don't have even one book* of the Bible. **This represents 509 million people who do not have a Bible in their language!**

We are thrilled that God has called us to be a part in bringing His Word to the millions craving to read what God has written. Spiritually, they are starving and malnourished. **Please consider investing in this ministry of using the airplane to provide critical aviation transportation to support the work of Bible translation.**

Our timeline:

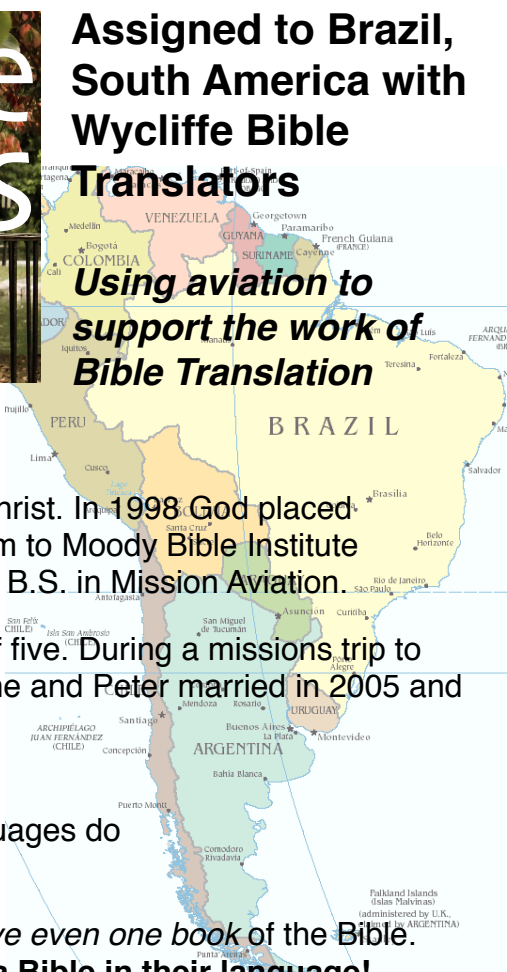

November 2012: we were accepted as Wycliffe missionaries and assigned to the country of Brazil.

Fall 2013: completed aviation orientation in Waxhaw, NC

February 2014: completed inter-cultural communication training in Waxhaw, NC

- ▶ **Currently:** With all our pre-field training complete our departure for Brazil is scheduled for September 2014. **We are now working to finish building a team of financial & prayer partners to allow us to depart on time this fall!**
