

Doug and Bernie Campbell

AirVenture 2019

Doug and Bernie Campbell have been involved in ministry for many years. They served in their local church as youth leaders for 13 years and as chair people on the missions committee for 6 years. They have also led several national and international mission trips and served with Mission Aviation Support Association (MASA) for 16 years.

Doug and Bernie Campbell have been missionaries with Wycliffe USA for 9 years and currently serve as Directors of **Race for Possible** under Multi-Generational Engagement with JAARS.

The **Race for Possible** is an outdoor adventure race designed to engage the next generations in missions. The **Race's** four-fold purpose is to bring awareness of the need of the Bibleless, raise funds for Bible translation projects, connect people who have a common desire to make Bible translation

possible, and invite young people to join in the work of Bible translation.

Find out more about the **Race for Possible** at jaars.org/race and be a part of making Bible translation possible.
