

Parking Procedure for Maintenance area

Temporary, short term parking for oversized vehicles and trailers is available in the gravel area, west of the fencing, by the Maintenance facility. It is first come, first serve parking for a maximum of one week subject to availability and use by Vail Resorts. All trailers, RVs, etc. need to check in at the main gate so that they can be documented. After one week the trailer or RV should be removed for a period of at least one month before it can return. Guests and owners with those vehicles should be assisted by AHPS so that these items are parked in the most efficient manner possible. The lot is "park at your own risk" as AHPS and Vail Resorts are not responsible for any damage to any trailer or RV stored there. Once parked, the owner or property manager must be available to move the trailer or RV at any point during the week if necessary. If any of the rules are not followed or abused, future use may be restricted, and any use of the area may be withdrawn at any time.
