

Dr. Tamika Sanders, owner of Savvy Pen, is proud to be a part of **Arizona Humanities' AZ Speaks Program**, which offers top-quality lectures on a variety of humanities subjects relevant to Arizona K-12 curricula.

The following presentations by Dr. Sanders are available to schools through the **AZ Speaks Program**:

### **IN HER SHOES: CELEBRATING WOMEN'S HISTORIES**

During this workshop students will have the opportunity to learn about the historical achievements of popular U.S American women, in addition to contributions made by African America, Latino, and Native American women. Additionally, students will learn about the social and political background surrounding each woman presented in order to understand why their achievements and contributions were considered significant. The timeline will cover events such as the Seneca Falls Conference, the Women's Suffrage Movement, World War II, the Civil Rights Movement, and women in key leadership positions today. Teachers will be given worksheets and projects that students can do once the presentation ends.

### **CELEBRATING BLACK HISTORY: THEN & NOW**

This is an interactive workshop that explores influential and little known African American contributions and the road they paved to make it possible for African American leaders we have today such as Oprah Winfrey, Michael Jordan, and Maya Angelou.

### **WORDS HURT-ANTI-BULLYING PRESENTATION**

Hateful words are one of the main reasons why bullying is a growing phenomenon that causes over 160,000 students to miss school every day. A recent U.S. study shows that 17 percent of students reported having been bullied "sometimes" or often. Through the use of activities and group discussions, this workshop will help students understand the impact of bullying and how to combat bullying at home or in school.
