

MEET THE BOARD 2024. Amanda Cordrick, MS

I received both my Bachelor of Arts (major: Speech and Hearing) and Masters of Arts (major: Communication Sciences and Disorders) degrees from Cleveland State University, graduating this past spring. My graduate program clinical experience includes internships at Dentzler Elementary School (grades K-4); Brentwood Healthcare (Skilled nursing and assisted living); Stars and Stripes Extended School Year Camp (ages 4-15); Cleveland State University Clinic (adults); and Washington Park Community School (children). I am currently completing my clinical fellowship year at the Achievement Centers for Children in Westlake as a speech-language pathologist, serving children and adults with a variety of needs.
