

The ECDIS Blues

Capt. Vincent Fernandes

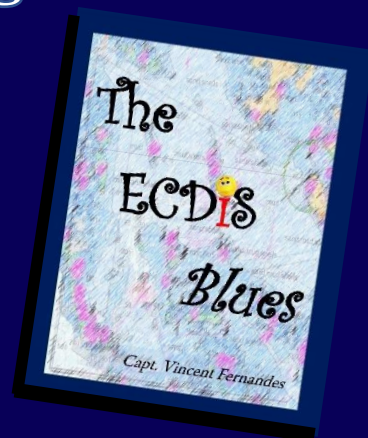

Presently the Dean-Nautical of Samundra Institute of Maritime Studies (Mumbai), Capt. Vincent is a passionate trainer and regularly conducts ECDIS training. His 21-year sailing experience which has been mainly with paper charts gives him a unique perspective of the ECDIS and its differences. It's this very perspective that makes this book unique.

A practical guide to safe passage planning on ECDIS

Six Steps to a safe passage

- Based on the latest IMO performance standards
- Applies to all ECDIS makes and models
- Easy reading language used
- A navigator's perspective
- Over 160 images used
- Incident Investigations into ECDIS groundings allow for easy understanding
- Simple tasks for navigators to familiarise them with ECDIS

Words will fall short if I am to praise the author/my colleague. His mastery in the subject and dedication towards his work, exceed all expectations. His diligent and detailed approach has set a benchmark for us. Industry will certainly benefit a lot from this contribution

Mr. Maneesh Jha, Principal of Samundra Institute of Maritime Studies
