

Mystery Quilt

Part One:

Fabrics – ABC

You will be using 3 fabric types which I'm calling "A", "B", and "C"
Size: 38" x 38

A:

The main focus fabric should be medium in color value (not very dark and not very light). You can pick a fabric with a theme - flowers, horses, elephants, ocean, children's toys, outdoor trees and leaves, etc. If your quilt were only black-gray-white this color "A" would be the gray.

B:

"B" is the "Black" fabric, i.e. the dark, contrasting fabric. It could be chosen as the deepest color you can find in the "A" fabric print. It should be a deep color: navy, deep teal, deep maroon, etc. Contrast is important. The quilt will be MUCH more interesting if this "B" fabric is made up of several different fabrics in a scrappy look. Not just all one of the same fabric.

C:

This last is the "white or light color - it can be a wild color seen in the "A" print or anything you think will go and be the "eye catcher". Again, several fabrics in a scrappy effect will look good. Several bright-lime yellows? A few light cherry magentas? Study your "A" fabric to pick this highlight fabric.
