49TH ST SOUTH BUSINESS ASSOCIATION NEWSLETTER

Message from the President

Happy New Year! Do you have annual traditions you believe help bring you prosperity, good fortune and luck?

How about greens (wealth and health), black eyed peas (resembling coins, these beans are said to bring prosperity), corn bread (because its color is similar to that of gold, this bread is enjoyed by those hopeful for a prosperous year) and pork (because pigs root forward while they forage for food as opposed to cows, who stand still, or chickens, who scratch backwards, pork in all forms is enjoyed by many hoping to embrace the challenges and adventures that await in the coming year).

Although these are long standing traditions for many (myself included), what is the best? Hard work and perseverance! You get out of your business what you put into it. Hard work always results in the best outcomes.

There are no secrets to success. It is the result of preparation, hard work, and learning from failure. Colin Powell

The three great essentials to achieve anything worth while are: Hard work, Stick-to-itiveness, and Common sense. Thomas A. Edison

We wish nothing but the best for everyone in 2020!

Our annual SO Classic Car Show is 02/01/2020 from 9 am – 3 pm. Some of the proceeds will benefit VETSports.

Good Day Team, News Channel 8 Lila Gross, Reporter, from News Channel 8 WFLA will be at Trolley Market Square on Friday, January 31 from 6:35am-10am for a live segment promoting the So Classic Car Show!

Projects cannot run without sponsors and volunteers! If you are interested in being a sponsor or being a volunteer, it's not too late! Contact us at so49web@aol.com or jsrtraining@aol.com or call 727-439-0164!

SAFETY CORNER

by Office Zachary Mills

Shopping online has become part of everyday life. Websites have made it convenient with often free, quick shipping and it can all be done from your computer or even your phone. Ordering items online has become second nature to many people, making it that much easier to let your guard down in securing your personal information. Make sure to keep the following in mind while online shopping to protect yourself.

Payment apps such as Apple Pay or Google Pay are some of the safest ways to shop online. When you make a transaction, it does not directly link with your credit card number and is verified by the retailer through a single use token. This helps prevent criminals from stealing your credit card information. You can also use these apps when shopping in person which adds an additional layer of security to your finances.

Virtual credit cards are another safe way to shop online. These work in the same way as payment apps but usually expire in one or two months and cannot be activated again or used in stores.

Make sure the companies you shop from are legitimate. Look up reviews to see if they are credible and the site is secure. If a price seems too low, you should be cautious that it can be a scam.

If paying by credit card, be sure there is a secure connection on the server. There are several indicators of secure connections such as a padlock in the browser. You can also look at the address. It needs to start with https and not http.

When placing an order, the merchant should only ask for your name, address, credit card number, and expiration date. You should not be asked to give any personal information such as your Social Security number. If they ask for this, you should not proceed with the order.

Keep record for your transactions by creating a folder in your email for receipts. You will want to keep a copy of your order number and have access to track your package's arrival.

"Peace is not the absence of conflict, but the ability to cope with conflict by peaceful means."
-Ronald Reagan
