From the

Redbank Valley Chamber of Commerce  
Board of Directors

*Hometown, small town, rural America are all woven into the fabric of who we are and are worth saving and passing on to the future.*

*That is what the Chamber is all about.*

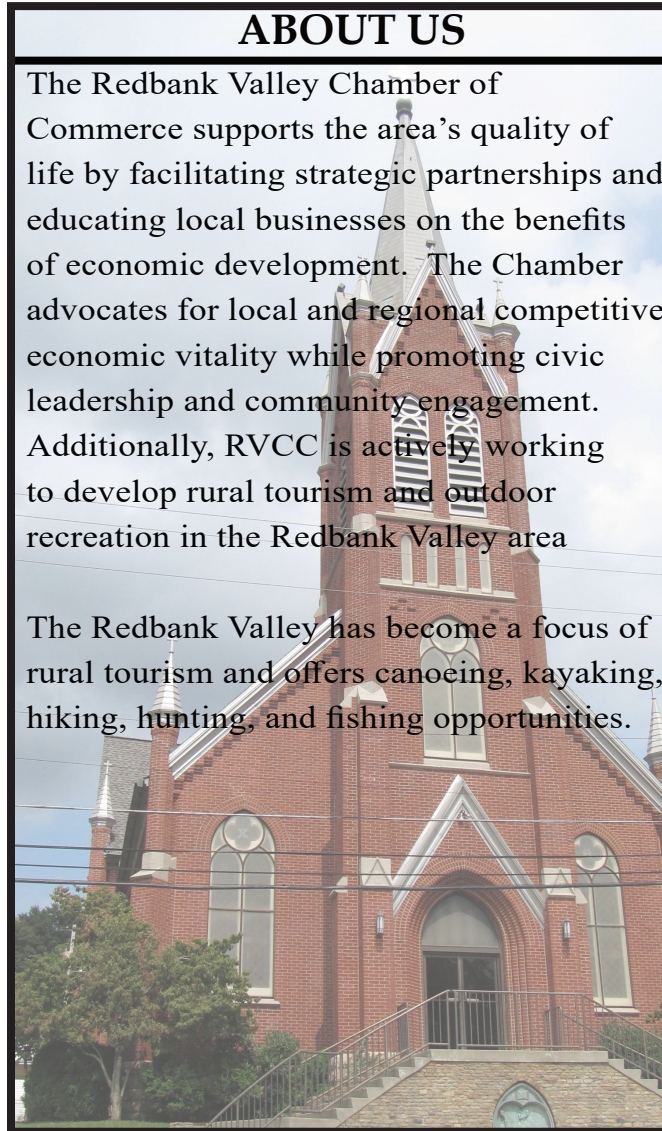

*Whether we're working to help startups or long-standing businesses, or planning and hosting community events, our eye is always on the prize - building a better Redbank Valley community for our children and grandchildren. We couldn't do it without the energy, generosity, and commitment of our members.*

*We thank you all from the bottom of our hearts!*

## ABOUT US

The Redbank Valley Chamber of Commerce supports the area's quality of life by facilitating strategic partnerships and educating local businesses on the benefits of economic development. The Chamber advocates for local and regional competitive economic vitality while promoting civic leadership and community engagement. Additionally, RVCC is actively working to develop rural tourism and outdoor recreation in the Redbank Valley area

The Redbank Valley has become a focus of rural tourism and offers canoeing, kayaking, hiking, hunting, and fishing opportunities.
