## What is Changing Futures?

The Changing Futures programme is a £64 million joint initiative by the Department for Levelling Up, Housing and Communities (DLUHC) and The National Lottery Community Fund, the largest funder of community activity in the UK. The programme is for local organisations to work in partnership to better support those who experience multiple disadvantages, including homelessness, substance misuse, mental health issues, domestic abuse, and contact with the criminal justice system. Changing Futures sits within Community Connections in Plymouth City Council
