## SPACE SAVER TABLE

• Item 15842 •  
**SPACE SAVER SURGICAL TABLE**

### Dimensions

Table with Shelves: 43" (w) x 36" (d) x 41" (h)  
Tier 1 Table Shelf: 43" (w) x 20" (d)  
Tier 2 Table Shelf: 43" (w) x 20" (d)

Designed to provide surgeons and operating room staff with complete versatility in surgical instrument set-up and use. Constructed with #304 surgical-grade stainless steel, the **SpaceSaver** is designed to allow easy setup, instrument visualization and efficient access for each procedure.

### COMPACT DESIGN

The SpaceSaver utilizes half the footprint of a standard 7' instrument table.

### ADJUSTABLE SHELF

Shelf adjusts 8" forward and backward to accommodate setup and access.

Easy position adjustment with foot-activated release.

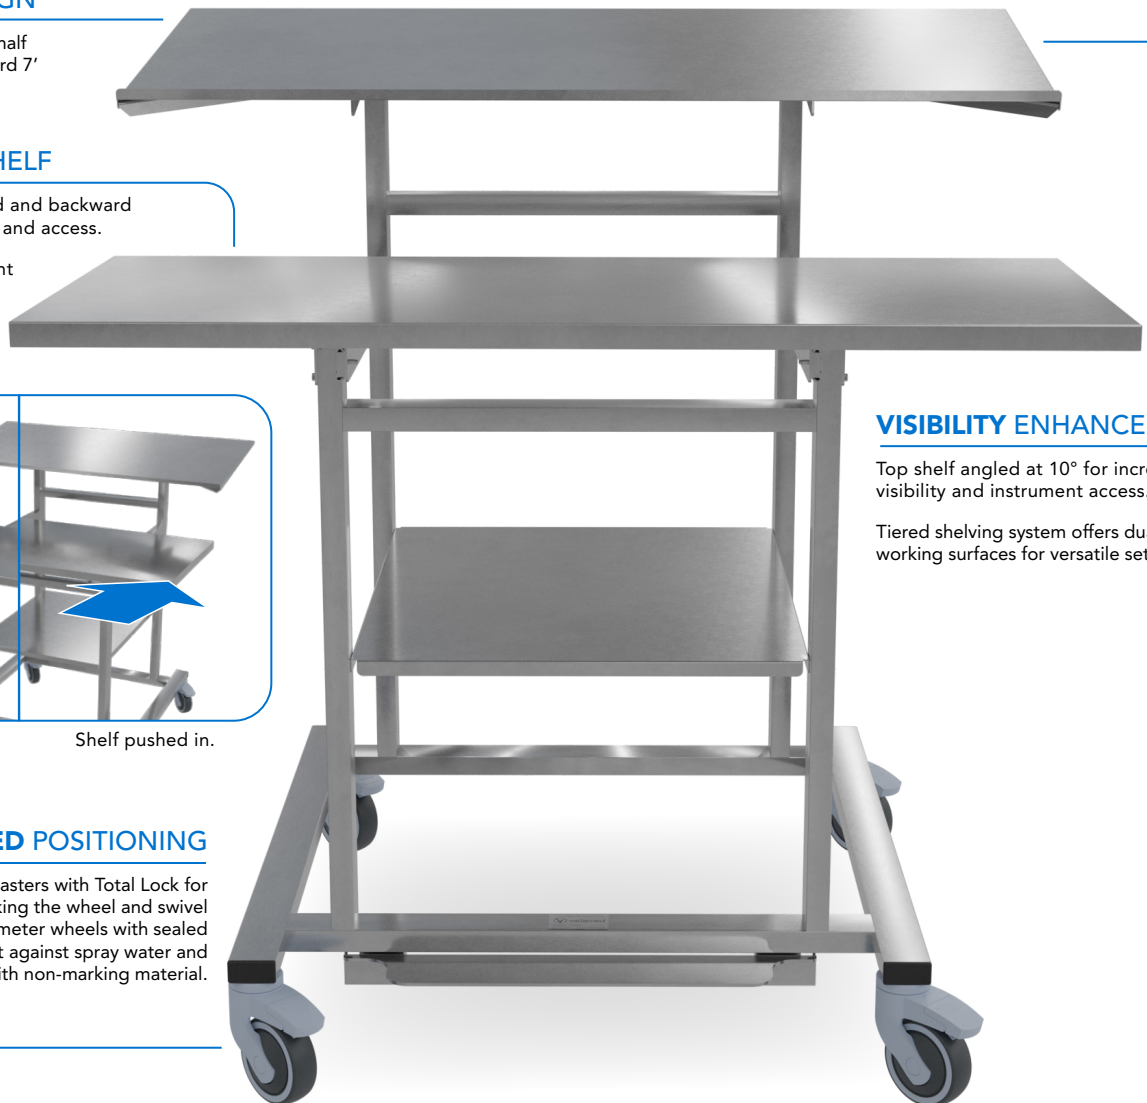

Shelf pulled out.

Shelf pushed in.

### CONTROLLED POSITIONING

TENTE swivel casters with Total Lock for simultaneously locking the wheel and swivel housing. 3.94" diameter wheels with sealed bearings to protect against spray water and dirt. Tread made with non-marking material.

### VISIBILITY ENHANCED

Top shelf angled at 10° for increased visibility and instrument access.

Tiered shelving system offers dual working surfaces for versatile set up.
