SPACE SAVER DRAPE

• Item 202443 •
TABLE DRAPE SPACE SAVER

Single piece disposable sterile drape to cover both surfaces of the sterile field

Patented drape design engineered specifically for the **SpaceSaver** surgical table to ensure a sterile field. The multi-tier, one drape setup provides a larger working area without compromising the floor space of additional tables or cost of additional drapes.

CUSTOM FITTED

Custom dimensions for secure fit and reduced slippage during set up. Patented design allows safe shelf adjustment, while maintaining sterility.

LAYERED PROTECTION

Each tier is covered with multi-layered protection featuring absorbent, nonwoven surface fabric and non-permeable backing material.

ORGANIZED STORAGE

Clear pockets for easy identification of contents. Conveniently located on each tier for quick and easy utilization. Featuring a total of 10 clear storage compartments.

Compatible Table:
