SATURDAY 3RD AUGUST 2024

”

**INSPIRE
INNOVATE
SHARE KNOWLEDGE**

An international day of
health innovation to
inspire health for all.

**Gareth Presch,
Founder, World Health Innovation Day
CEO World Health Innovation Summit**

MAIN GOALS

Give people the tools to manage their own health and wellbeing.

BY 2030

Build a global community reaching over 1bn by 2030

Building partnership and alliances that improve people's health and wellbeing.

OUR IMPACT

Professionals reported decreased professional isolation and improved motivation:

67% said "I have improved my professional network."

63% said "I have better access to new and innovative ideas through WHIS."

"I feel more pride and hope in the future of health & social care."
Summit attendee

"I have learnt that I could control my emotions. WHISkids helped me see that." Boy
Age 9
