2 Layout charm squares into 4 sets containing 7 squares each and 1 set containing 8 squares. Arrange prints for a pleasing balance of color and scale.

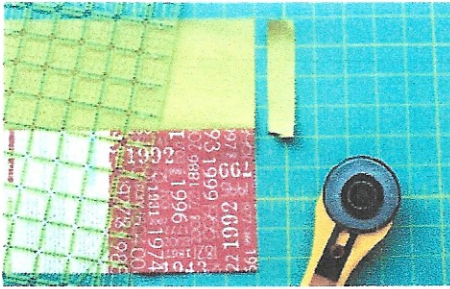

3 Piece together charm square sets to create 5 vertical rows. Select your 3 favorite 7 square rows for the quilt center.

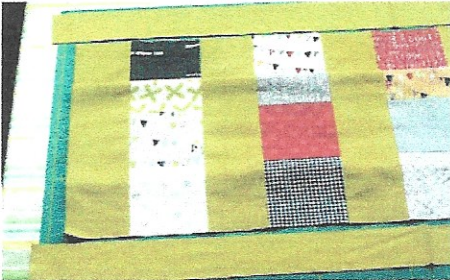

4 Place charm square rows on work table. Place 4" sashing strips between the vertical charm square rows and on either side.

**5** Sew a sashing strip to the left side of each vertical charm square row. Trim ends of sashing to match length of charm square rows.

Sew rows together.

**6** Sew a 2.75" sashing strip to top of quilt center. Trim ends of sashing to match width of quilt center. Press seams open.

Repeat on bottom for remaining 2.75" sashing strip.

**7** Fold the remaining 2 charm square rows so they fit on your cutting mat. Cut in half lengthwise to create 2 strips that measure 2.5" x 32" (the 7 charm square row) and 2 strips that measure 2.5" x 36.5" (the 8 charm square row).

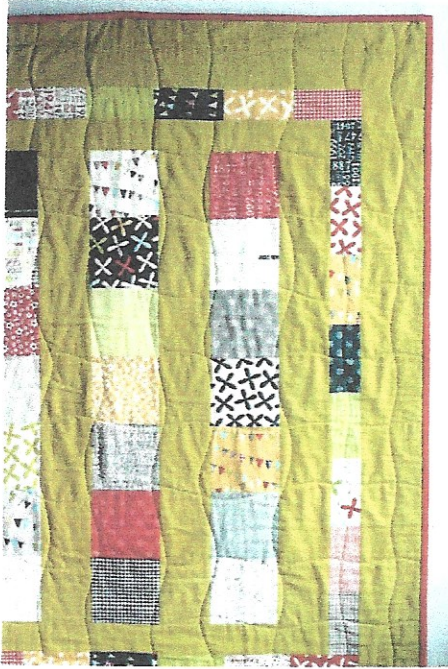

**8** Sew a 2.5" x 36.5" charm square strip to the left side of quilt center. Press seams open. FLIP the remaining strip so fabrics run in the opposite direction. Sew remaining strip to the right side of quilt center.

Repeat for top and bottom using the 2.5" x 32" charm square strips.

Sew 5" strips of background fabric to left side of quilt center. Trim ends of border to match length of quilt center. Press seams open. Repeat with another 5" strip of background fabric on the right side of quilt center.

Repeat for top and bottom using remaining 5" strips.

9 Layer quilt top, batting and backing. I used a simple, no-mark method for my quilting. Working from center of quilt outward, use a walking foot to stitch a wavy line using the edges of the vertical column charm squares as a guide. Stitch down the center of the 2.5" strips and finally, stitch down the middle of the borders.

10 Bind to finish.

11 Enjoy the Baby Shower!
