

Ship48 delivers the speed and convenience of customer-focused technology with a leading edge online marketplace. Designed to be user friendly and efficient.

About Us

We make shipping items of any size easy by connecting customers with carriers/shippers in a transparent, mutually affordable and secure system.

Problem

Existing marketplaces fail to provide transparency to both customers and shippers, leading to poor service, high cost and loss of property.

Solution

Our one-stop service is individualized, efficient, transparent and safe.

LEADING EDGE

Our customized software and new API tool will save time and eliminate errors.

AFFORDABLE

Our approach allows us to offer the best rates in the industry for customers as well as transporters.

EASY TO USE

Our custom-built technology and U.S.-based customer service will instill confidence and trust.
