

a christmas story

our mission was to give 21 families two large boxes of groceries and one large turkey. this would be enough to feed each family for 2 weeks. the project required help from a lot of sources. the club budgeted \$500 but would need at least another \$2500 additional to be successful. many elves in the club contributed gifts of money. the elves who were instrumental were helen and thad, dan and cheryl, betty, sandy l. and sandy d., john and eva, johnny and carol, tom k. and dan, tom and gerry, and dan and maggie. we also had help from some other elves named janet and donna and tim and joe and dan w. there was another important large group of elves whose efforts were vital to the success of our project. they are located in the crawford neighborhood on butz blvd. in south county.

on saturday, the following busy elves picked up the many cases of groceries and assembled the 42 boxes of groceries. the worker elves were the following: two young girl elves named elaine and andrea and two boy elves named jason and cam. the other elves were joe m. and joe w., bill and mary, dan, and cheryl, carol and christine and allie, and johnny o.

on saturday and sunday, the following reindeer delivered the grocery baskets: tim, donna and their young reindeer mckenzie, theresa and robert and paula, joe m. and joe w., bill and mary, young reindeer cam, dan and cheryl, sandy d. and johnny o. the red-nosed reindeer.

i thank everyone who made the 2020 christmas grocery basket project a huge success despite the challenge of dealing with the coronavirus.
