

Who is the PAC?

The Parent Advisory Council, Inc. (PAC) will be 34 years old this year and we are a unique organization as our council is made up of ALL parents who have children with disabilities & chronic health care needs. Our PAC members have a heart to help other families find the resources they need in their communities to be able to take care of their children up to 18 years old.

This will be our 11th annual conference and the 2nd time we are offering this opportunity in Conway, Arkansas. This is truly a unique conference that gives the families an opportunity to learn, to meet other families, and to get to actually speak with the providers and other organizations in-person that have resources to help them. Our speakers are all professionals in the disability community that volunteer their time.

Why Get Involved?

This is a unique opportunity to reach families in our community who have children with disabilities and chronic health care needs in a unique way.

The PAC is committed to making this conference FREE for families to attend and is meant to truly be a way to educate families on what resources are available to them. By becoming a sponsor, this will give your organization an opportunity help these families and also a new way to meet families in our community. This will also give the families that we serve an opportunity to meet YOU and YOUR Organization!
