Personal Statement:

Softball has had a major role in my life since I started playing at 10 years old. My rec coach was always positive and made sure I had fun while I learned the game. My travel coaches shaped me as a player. My pitching, defense and hitting coaches have helped me develop into a stronger player mechanically as well as training me mentally. I have experienced the highs and lows of winning, losing and battling. Softball has given me so many opportunities. It has taught me good sportsmanship and to be a more outgoing person. I've met so many new friends, some who thru being my teammates have become my sisters. Softball has challenged me in so many ways that I'm now prepared to be comfortable with the uncomfortable. Those challenges have led me to be brave enough to challenge myself academically as well. It has taught me the importance of time management and sacrifice. This past summer I was fortunate enough to participate in a 6 week Pre-College Art Experience: Interior Architecture and Design course at The Academy of Art. I did this while taking a 6 week Algebra 2 course which I managed to complete on time even with my summer softball travel schedule. I'm excited to see if I can continue to grow as a student athlete!
