## Personal Statement:

My love for softball has been growing ever since travel ball started. I began playing at the age of six, and it has become a big part of my life. I enjoy competing with my teammates and learning life lessons along the way. Academics and athletics are very important to me. I have consistently strived for excellence both in the classroom and on the field. Along with softball, I also enjoy playing piano and have won many international piano competitions. I aim to go to a university that will help me grow as an athlete and a student.
