"I have been playing softball since I was 5 years old. I have had amazing coaches that have taught me to be a great person but also a great softball player. Learning the right mechanics has helped me grow in the sport, but also has caught my interest in Kinesiology. I would love to give back to athletes with injuries and help them rehab to become better and stronger. Softball has given me confidence and bonds that have been created with my teammates on and off the field. In my spare time, I enjoy being outside on the boat, golfing or just outside. I enjoy volunteer coaching with little kids to help teach them the right mechanics in the game and help encourage the love for the sport."
