

## ANNOUNCEMENT: OCTOBER 31, 2023

Grassroots MX is excited to announce we will be using **MyLaps Transponders** effective Nov 1, 2023.

This allows us to offer you the same quality and accuracy of live timing used at major events across the country, including AMA Pro Racing.

While other events across the country charge anywhere from \$10 to \$40 for a transponder rental, we want to keep racing affordable while still offering industry leading technology at the local level. That said, there will not be a charge for MyLaps transponder rentals throughout the remainder of the 2023 racing season.

With the upgrade in timing and scoring a rental deposit of \$150 per event will be required, the rental deposit will be fully refundable upon the return of the transponder at the conclusion of each event.

If you would like to own your own transponder and save money at national and regional events in our area, along with saving time at registration for each Grassroots event, MyLaps transponders will be available for purchase at the race office each weekend.

We look forward to seeing you at the next race and providing you the industry leading products you have come to expect from Grassroots MX.

### Purchase your own Transponder: **MYLAPS**

Transponders will be available to purchase at all Grassroots Events.

- TR2 Transponder with 1yr subscription: \$110.00
- TR2 Transponder with 2yr subscription: \$150.00
- Purchase includes 1 mounting clip and charging cradle.
- Additional mounting clips: \$10/each

Cash price - Convenience fee for cards

You can also purchase transponders at MyLaps.com (pricing may vary)
