

KHIPU  
VACATION  
RENTALS

A blockchain  
**technology**

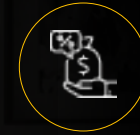

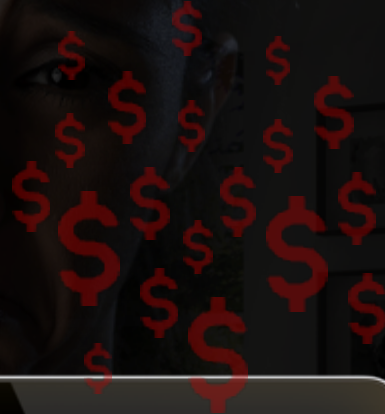

A **Digital Platform**  
dedicated to offering  
accommodation to tourists

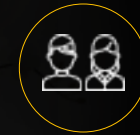

All transactions paid  
using our **cryptocurrency**

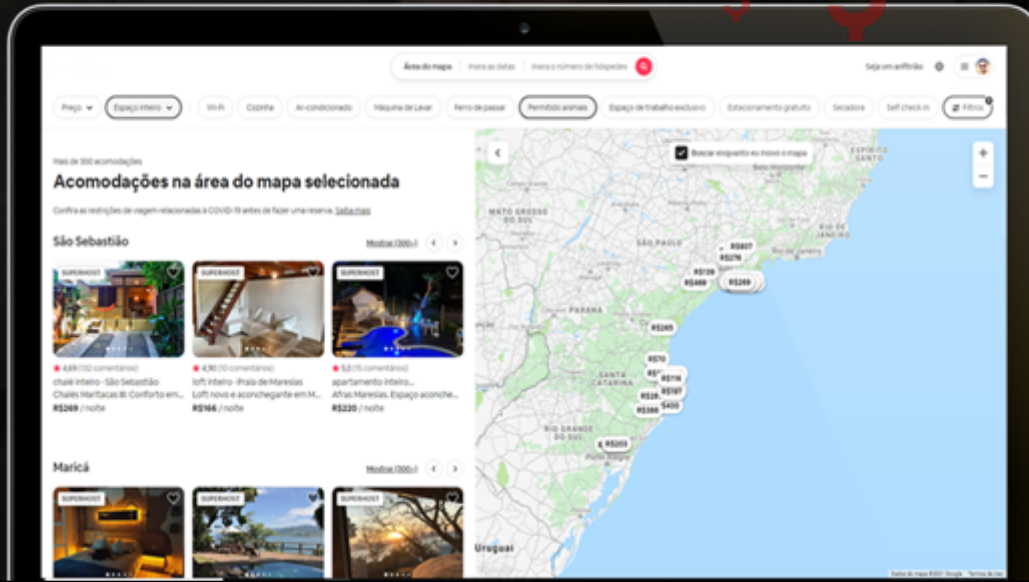

# Problem

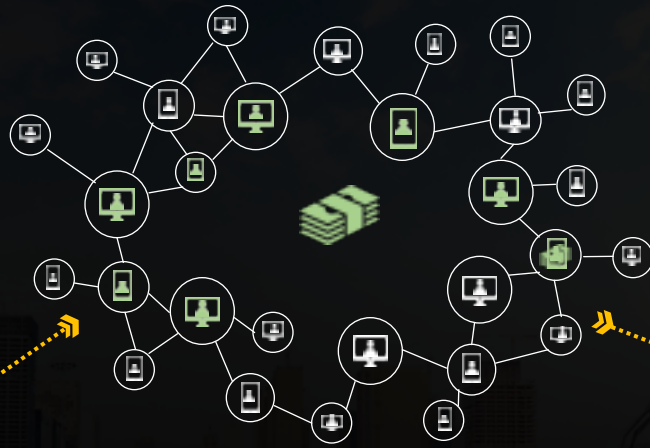

All digital vacation rental platforms **charge too much commission.**

The commission is doubled for both hosts and guests, and can **reach 25% of the total transaction amount.**

# Solution

All blockchain transactions are peer to peer and immutable transaction:

Eliminates the need for an intermediary guaranteeing the transaction.

No commotion costs.

# Benefits

## Host

No commission payment

20% bonus on each rental accepted through our platform (in FIAT currency)

## Guest

No commission payment

50% subsidy on each rental booked through our platform

## Vacation Rental Management companies

You earn a 5% commission on every rental accepted by your hosts (in FIAT currency)

# KHIPU VACATION RENTALS

Platform will be launched in 2022
