

biotip™

MONOFILAMENT TIPPET

100% BIODEGRADABLE
LO-VIS CLEAR FISHING LINE

Made in U.S.A
Patent Pending

Spool is also
100% biodegradable

biotip tippet is made from a special 100% biodegradable polymer specifically designed to conserve the environment. **biotip** biodegradable tippet retains 100% of its tensile strength for 15 - 18 months on your reel.

If your line is lost, **biotip** tippet is engineered to degrade within approximately 7 years versus the 600+ years of a monofilament or fluorocarbon fishing line.

- ZERO WATER ABSORPTION
- LOW VISIBILITY (comparable to Fluorocarbon)
- SHOCK ABSORPTION
- UV AND ABRASION RESISTANT
- EXCELLENT KNOT STRENGTH

Available Sizes

Size	6XB	5XB	4XB	3XB	2XB	1XB
Tippet Diameter	.007" .18mm	.008" .20mm	.010" .25mm	.011" .30mm	.013" .35mm	.015" .38mm
Test	3 lb 1.4 kg	4.5 lb 2 kg	6 lb 2.7 kg	8 lb 3.6 kg	10 lb 4.5 kg	12 lb 5.6 kg

Meets tensile strength / Diameter oversized
