

Major Projects List

Project Name	End User	Year	Project Description
Sewage treatment plant in Jubail Industrial city	Marafiq	2009	55,000 m ³ /d sewage treatment plant
Nama chemicals industrial wastewater plant, Jubail industrial city	Nama for Chemical	2011	Future Resources built a wastewater treatment plant in 2011 to treat 1200 cubic meter per day.
(Modon) industrial wastewater treatment plant, Dammam industrial city	Modon	2013-2014	6,000 m ³ /d industrial wastewater treatment plant
Grease Interceptor Unit	Saudi Airlines Catering	2019	capacity: 200 m ³ /day
Ro plant, Jal camp, Jubail city	Jal International	2020	1500 m ³ /day, brackish water
STP project	Almaade Group	2020	Sewage water treatment plant extended aeration (gls tanks) 2,000 m ³ /day
Glucose & starch manufacturer project (Qassim)	Alfouzan Trading & Manufacturing	2021	Ro plant 2x1,500 m ³ /day. TDS outlet less than 25 ppm.
Glucose & starch manufacturer project (Qassim)	Alfouzan Trading & Manufacturing	2021	2x500 m ³ /day - brackish water RO plant TDS outlet less than 500 ppm
Glucose & starch manufacturer project (Qassim)	Alfouzan Trading & Manufacturing	2021	Industrial wastewater treatment MBR technology - 500 m ³ /day
SWCC - Khobar	SWCC	2021	Ro pretreatment plant - 45 m ³ /h
