

# DIVER DOWN NEWS

April 2024  
Volume 35, Issue 4

## President's Note – April 2024

The 2024 dive season is here. We will be in the water for our kickoff dive on Saturday, April 6th; 10AM at Cedar Beach in Mt. Sinai. The water will still be cold, in the high 40's low 50-degree range so be prepared if you are going in. Come down for the top side fun even if you are not ready to get in the water. Be sure to complete your 2024 membership waiver to join in the diving fun. Everyone planning to dive with the club must have a current waiver on file.

The Beach Schedule thru June is in the newsletter, was sent by email and is posted on our website. Please review the schedule periodically for changes. As always, we are dependent on the weather, so watch your email for any last-minute changes. If you are not getting the club emails, please reach out to one of the officers so we can make sure you keep informed of all our activities.

The Wreck Schedule is also posted and is filling. Reserve your spot soon. There are 4 dives this season in the 70-80ft range. These are the shallow wreck dives for Long Island. They are the best dives to start your wreck diving experience. Reach out to me if you have AOW and are new to the LI wreck diving.

Beneath The Sea was fun this year. It was nice to see some of the club members there. Hopefully people have some new equipment to try out and some exciting trips planned. If you do get the chance to travel, please share your photos and adventures with the club in the newsletter or a presentation. It is always nice to see a new destination.

Camping has been scheduled for the Memorial Day weekend at Cedar Point County Park; and for the weekend of July 26-29 at Indian Island County Park. The Annual Death By Diving event will coincide with the camping weekend in July and the schedule will be posted in the next newsletter. I am looking for some new sites to add to the DBD schedule and would like your input. Please help to plan the schedule to keep it exciting. Ideas and suggestions from our members are always welcome. Articles by club members in our newsletter helps to keep it interesting.

Sincerely,  
*Mary Davis*  
*Club President*

**Glenn Butler:**

**How the Cold War Shaped Underwater and Outer Space Exploration**

Join us in welcoming Glenn Butler: Glenn has 50+ years of experience as a technical, military, and commercial diver.

He is and the founder and CEO of Life Support Technologies, whose initial mission was to transfer deep diving/hyperbaric technologies and oxygen enriches air (nitrox) diving and oxygen techniques to NASA, National Oceanic and

Atmospheric Administration (NOAA) and the U.S. Department of Defense.

As an engineer, Glenn has developed closed circuit rebreathers and space cabin life support.

He is the author of “Bending Atmospheres” and several other books, in addition to publishing 58 scientific papers and developing 12 patents. Glenn is a resident fellow of the Explorer’s Club and a frequent speaker there.

We look forward to having him share about how the Cold War drove technology and how the space race made the U.S. the superpower it is today.

Glenn also co-authored a children’s book with his granddaughter and asks that we check it out!

Emaline is an underwater adventurer. she loves exploring the pool, and meeting the special sea creatures who live there. She meets an octopus, a cuttlefish, a squid, a turtle, angelfish, seahorses, hermit crabs, and an anglerfish. In this beautifully illustrated children’s book, there is a page for each a special skills tested web to see the real.

A perfect book for kids ages 5-12 and there are giver together teacher on earth has special skills that make them unique.

# NEW DUTCH NEW RULES

Lake Hydra to open for scuba diving with limited access in April

Article from: [https://www.wfmz.com/news/area/lehighvalley/northampton-county/lake-hydra-to-open-for-scuba-diving-with-limited-access-in-april/article\\_04644ff8-d32c-11ee-8196-63e8db556a90.html](https://www.wfmz.com/news/area/lehighvalley/northampton-county/lake-hydra-to-open-for-scuba-diving-with-limited-access-in-april/article_04644ff8-d32c-11ee-8196-63e8db556a90.html)

BETHLEHEM, Pa. - Lake Hydra, the Northampton County scuba-diving venue, will open April 20 with limited access.

All activities at the 50-acre quarry lake must be arranged in advance. At first, Lake Hydra will be for classes and first-responder training only.

“A diver can’t just show up and dive, it has to be a class,” Ken Kraft, one of the Lake Hydra partners, said Saturday. He reiterated that all activities must be scheduled.

The property, formerly known as Dutch Springs, was acquired by developer Trammell Crow for the construction of two warehouses. Access to the water could have been eliminated. Then Trammell Crow worked out an agreement with Kraft and Jim Folk of Atlantis Aquatics, Bethlehem Township, to save the lake for the scuba community.

“I can’t say enough about Trammell Crow and what they did for the dive community,” Kraft said Saturday. Work continues on Lake Hydra amenities, Kraft, now a member of Northampton County Council, said.

The site, known for its depths and clear water, could have been lost to the diving community. Instead, training for divers and rescue teams will continue at one of the few East Coast inland scuba venues.

Kraft said divers should check the Lake Hydra website ([lakehydra.com/](http://lakehydra.com/)) for more information. It will be updated as services at the lake are expanded.

Lake Hydra is located at 4733 Hanoverville Road in Lower Nazareth Township. The property, including the warehouses, also extends into Bethlehem Township.

## LIABILITY RELEASE AND EXPRESS ASSUMPTION OF RISK

---

This is an important legal document. You may wish to consult an attorney prior to signing it.

This release may be used against you in a court of law if you sue any released person or party.

Please read carefully, **fill in all blanks and initial each paragraph before signing**. Incomplete forms will not be accepted.

I, \_\_\_\_\_, hereby affirm that I have been advised and thoroughly informed through my open water training of the inherent risks of skin and scuba diving.

- Further, I understand that diving with compressed air involves certain inherent risks; decompression sickness, embolism, or other hyperbaric injuries can occur that require treatment in a recompression chamber. I further understand that any trips of any kind (diving or non-diving), whether sponsored or not, by The Dive Club may be conducted at a site that is remote, either by time or distance or both, from such a recompression chamber. I still choose to proceed with such diving activities in spite of the absence of a recompression chamber in proximity to the dive site(s).
- I understand and agree that neither The Dive Club or any of their respective board members, officers, agents or assigns (hereinafter referred to as “Released Parties”), may be held liable or responsible in any way for any injury, death, or other damages to me or my family, heirs, or assigns that may occur as a result of my participation in any Dive Club activity, or as a result of negligence of any party, including the Released Parties, whether passive or active.
- In consideration of being allowed to become a member of The Dive Club I hereby personally assume all risks in connection with diving or non-diving activity from any harm, injury or damage that may befall on me, including all risks connected therewith, whether foreseen or unforeseen.
- I further save and hold harmless said Dive Club and Released Parties from any claim or lawsuit by me, my family, estate, heirs, or assigns, arising out of my enrollment and participation in Club events including both claims arising during said event or after said event.
- I further understand that skin diving and scuba diving are physically strenuous activities and that I will be exerting myself during any diving activity, and that if I am injured as a result of a heart attack, panic, hyperventilation, etc., that I expressly assume the risk of said injuries and that I will not hold the above listed individuals or companies responsible for the same.
- I further state that I am of lawful age and legally competent to sign this liability release, or that I have acquired the written consent of my parent or guardian.
- I acknowledge scuba diving is an activity that is done with a buddy. I will not make a solo dive during a Dive Club event unless I am certified to do so by an accredited training agency and an I am equipped to make this dive safely.
- I understand that the terms herein are contractual and are not a mere recital, and that I have signed this document of my own free act.
- I acknowledge that The Dive Club does not provide buddies, gear, transportation, training, or professional advice pertaining to the sport of scuba diving. However, the dive sponsors will do their best to help club members find what they need for a dive by setting up email groups to allow individual club members to coordinate rides, buddies, and rental gear, if necessary.
- The Dive Club does not vet divers or make any determination about whether any diver is qualified to do any given dive. This decision is entirely up to the individual diver, as well as any external dive operator, such as a dive boat captain or resort operator. It is important to evaluate your current experience when making the decision to dive. If you only have experience diving in warm waters with optimal visibility, you should consider the additional challenges associated with northeast diving before making your decision. I expressly assume the risk of any injury or illness for **each and every** dive that I determine to make and hold harmless for the same the above listed companies and individuals.

- I acknowledge that for planned boat charters, the minimum certification and equipment requirements listed in our newsletter are the requirements of the boat captains. Please contact them directly if you have any questions about the suitability of a dive for you.
- I understand that DAN (Divers Alert Network) Insurance or other similar diving accident insurance policies are available to me if I choose to acquire this. I acknowledge that it is my own responsibility to educate myself on the available policies and choose the one, if any, that is appropriate for me. I understand that without this, I will be responsible for any medical bills or damages to my equipment that I incur.
- I recognize that I may receive false or misleading information from one or more club members or non-members pertaining to the relative difficulty of a dive or my ability to safely participate in or perform a dive. Additionally, I acknowledge that one or more club members or non-members may negligently approve of my dive plan, including preparation or intended dive plan, the condition of my equipment, my ability to use my equipment, or proper use of equipment. I understand and agree that **I am responsible for determining whether I am capable of executing** a dive safely, whether I have sufficient information regarding my own physical abilities and the intended dive to base this decision, as well as whether my equipment is in proper working condition and is sufficient for the intended dive. I release The Dive Club and all co-signers who by signing this waiver similarly release me from negligent acts or omissions of this nature.

**IT IS THE INTENTION OF \_\_\_\_\_ BY THIS INSTRUMENT TO EXEMPT AND RELEASE THE DIVE CLUB, AND ALL RELATED ENTITIES AS DEFINED ABOVE, FROM ALL LIABILITY OR RESPONSIBILITY WHATSOEVER FOR PERSONAL INJURY, PROPERTY DAMAGE OR WRONGFUL DEATH HOWEVER CAUSED, INCLUDING, BUT NOT LIMITED TO, THE NEGLIGENCE OF THE RELEASED PARTIES, WHETHER PASSIVE OR ACTIVE.**

**I HAVE FULLY INFORMED MYSELF OF THE CONTENTS OF THIS LIABILITY RELEASE AND EXPRESS ASSUMPTION OF RISK BY READING IT BEFORE I SIGNED IT ON BEHALF OF MYSELF AND MY HEIRS.**
