Delivering Jobs Campaign

Autism Speaks, Best Buddies, and Special Olympics, in partnership with the Entertainment Industry foundation (EIF), are announcing the launch of Delivering Jobs. This is an inclusion campaign designed to create pathways to one million employment opportunities for people with cerebral palsy and other intellectual and developmental differences by 2025.

Delivering Jobs will:

- Motivate employers to hire, support and promote diverse and inclusive workforces
- Equip people with autism, intellectual and/or developmental differences with the resources to prepare for employment and leadership opportunities
- Engage the public to increase awareness about the low rate of employment for people with autism, intellectual and/or developmental differences

Delivering Jobs is challenging all businesses to identify ways they can incorporate this untapped workforce into their businesses.
