ABOUT US

Established in 2013, as ISRA DESIGNS AND INFRATECH Pvt. Ltd., We have, right from our inception, built our reputation of Architectural, Interior and Renovation services for Residence, Institutions, Hospitality, HealthCare, Retail, Commercial and Office Buildings with excellence and quality on the foundation of Infusion, Innovation, & Infrastructure.

Throughout the years, ISRA has established a standing for high quality workmanship, delivering customer satisfaction, maintaining financial stability and achieving project excellence.

We have executed prestigious projects for major organizations. Our credentials have been acknowledged by organizations and institutions.

ISRA's family spirit and values have been the foundation of the company's success. These values are evident today, deeply embedded in the culture of the company, and provide the foundation for successive generations of leadership.

CLIENT DISCUSSION:

MR.SENTHIL'S RESIDENCE: DESIGN CONCEPT:

The concept adopted for this particular design is an amalgamation of contemporary style and neutral elements in bold colors. This accentuates the red hot design but while still giving it a mellow and luxurious feeling. It features softened and rounded lines as opposed to the stark lines seen in modern design. Clean lines and minimalism which are the watchwords of contemporary architecture are used throughout the design.
