

ACTIVE SHOOTER SITUATIONS

This course provides elite 9-1-1 active shooter training by exploring tactical considerations and the impact on dispatch operations through the use of current and relevant case studies.

The course is co-facilitated by a SWAT Supervisor/Team Leader to fully implement an understanding of the importance of dispatch personnel in successful field outcomes.

This course explores:

- The active shooter mentality
- The impact on dispatch operations through the use of current and relevant case studies.
- Tactical considerations
