REMINDER
Notice to All Residents
Hudson Towers, 3777 Independence Avenue
Riverdale, New York

Re: Recycling

Dear Residents:

Each compactor room contains a recycling center, which includes

- a bin for metal and plastic only. Always rinse out these recyclables.
- a small rectangular bin for deposit of newspapers, magazines, paper, etc.

**All other garbage must be bagged and thrown down the chute.
Never leave bagged garbage in the recycling bins or on the floor of the
compactor room to help avoid pest infestation.**

To dispose of any bulk household items, except for construction debris which must be removed by the contractor, make arrangements with the building's maintenance staff.

We thank everyone in advance for their cooperation and participation in the recycling program.

Sincerely yours,
Goodman Management Co., Inc. A/A/F
