OPEN ENROLLMENT POLICY

Transfer students who do not live in the school district with their parents must submit an open enrollment application and all transcript information before being accepted by the school district. Deadlines for application will be August 1st for the fall semester, and December 1st for the spring semester. All applications will be reviewed by the enrollment committee and applicants will be notified in writing in regard to acceptance or rejection by the district. If a student is under expulsion or suspension from another district they will not be accepted. Parents or guardians shall be responsible for transporting the pupil to and from school. Students that are currently enrolled or that are accepted by the district will have to re-apply annually. I have read the school district Open Enrollment Policy, and hereby request that my son/daughter be permitted to attend Rockland School.
